Dashboard or Console Mounting Instructions

Step 1. Choose a suitable location for disc (and pedestal) installation. **Do not place mount in or near an air bag deployment zone or where it will obstruct view of the road or hinder vehicle operation.**

Step 2. Clean the dashboard or console surface area thoroughly with the included alcohol pad. Allow the area dry before applying the mounting disc.

Step 3. Remove the paper backing of the disc and place on the cleaned surface. Press the top of the disc down firmly to allow the adhesive to stick to the surface. Allow 24 hours for the adhesive to cure to the surface before applying any pressure.

Step 4. Place the suction cup of the pedestal firmly down on the center of the mounting disc and lower the securing lever.
