## Hitachi Data Systems

# Entitlement Certificate

Please retain this certificate, it contains information that you will need to obtain your License Key.

Activation Token	Product	Order #
26004510-4-62837fed	Hitachi Data Instance Director	26004510

Rights and restrictions on the use of products are set forth in Hitachi Data Systems License Terms agreement you received with your shipment.

Please access our Support Connect Portal, login and then navigate to the License Management page to find all the services offered around license keys. [Support.HDS.com](http://Support.HDS.com)

### Hitachi Data Instance Manager

For each Activation Token listed above you will need a Machine ID to obtain your license key.

1. Install or Open the product.
2. Open the License Dialog Box and select the Manual Activation tab.
3. Copy the Machine ID listed in the appropriate field.
4. Access the HDS Support Connect Portal and use the appropriate Activation Token and Machine ID to obtain the desired license key.
5. Return to the product and in the same dialog box enter your License Key Into the Activation Key line, then hit Enter Key.
6. If unable to access our Support Connect Portal, you may request your permanent activation key by emailing [GSCKeys@hds.com](mailto:GSCKeys@hds.com) and provide the following information. A License key will be returned via email.
  - Activation Token and Order Number (located on this certificate)
  - Machine ID (see steps 1-3 above for how to retrieve)
  - Customer Name

For technical questions and installation issues, please contact the 24/7 HDS Global Contact Center by calling 1-800-446-0744 from the USA. For local numbers please visit [HDS.com](http://HDS.com) or Support Connect Portal for more numbers.
