

Section 2 - IGP

ine.com

Task 2.11

- Create 2 new loopbacks on R29 (Loopback1 = 172.16.29.29/32, Loopback2 = 172.16.29.30/32). Redistribute these two loopbacks in OSPF. These two loopbacks need to be summarized into a single route. Ensure R19 sees a single route representing these two loopbacks.
