

Section 4 - BGP and L3VPN

ine.com

Task 4.4

- Configure iBGP neighborhood within the MPLS Core as per the following requirements:
 - BGP AS is 34567.
 - All PE routers establish iBGP neighborhood with only the route reflector.
 - R5 must be the route reflector.
 - R5 must use Peer-Groups to establish IPv4 iBGP neighborhoods.
 - No additional IPv4 iBGP neighborhood must be established within the MPLS Core.
