

Section 2 - Dial Plan Part 3

ine.com

Task 2.5

- Ensure the following requirements are met:
 - Set the inter-digit timeout to 5 seconds on HQ and SB UCM.
 - Make a call from HQ to PSTN line 1 and take a trace using RTMT. Capture the first INVITE sent from the phone to HQ CUCM. Paste the configs on the desktop of Jabber-1 PC in a file named as trace1.txt.
 - Make a call from SB to PSTN line 2 and take a trace using RTMT. Capture the INVITE sent from the SB UCM to SME. Paste the configs on the desktop of Jabber-1 PC in a file named as trace2.txt.
