

The "Notebook of the Year" comes with a surprising feature the others will never match.

Its left hand corner.

HP OmniBook 5700 \$4461*

- Intel Pentium®166MHz, processor with MMX™ technology
- 16 or 32Mb of RAM, expandable to 128Mb
- 12.1 inch XGA TFT or SVGA TFT colour display
- 32-bit PCI bus video with 64-bit graphics accelerator, 2-Mb EDO Video DRAM and Zoomed Video-enabled
- 3.0-billion-byte (2.79-GB) or 2.0-billion-byte (1.86-GB) removable Enhanced-IDE hard drive
- Removable, 3.5 in 1.44-Mb floppy disk drive can be integrated or attached externally through parallel port
- Battery - Lithium-ion
- Ports serial and parallel, Mouse/keyboard, XGA-out, IrDA infrared (4Mbps), Stereo-in, stereo-out, microphone-in, MID/joystick port
- Warranty, 3 year, worldwide parts-and-labour limited

HP OmniBook 3000 \$6062*

- Intel Pentium®200/233/266MHz, Tillamook processor with MMX™ technology
- 16Mb of RAM, expandable to 144Mb
- 13.3 inch XGA TFT colour display
- 32-bit PCI bus video with 128-bit graphics controller, 2-Mb Video RAM, Zoomed Video-enabled
- 4.0 or 2.1-billion-byte removable Enhanced-IDE hard drive
- Removable, 3.5 in 1.44-Mb floppy disk drive can be integrated or attached externally through parallel port
- Battery - Lithium-ion
- Universal Serial Bus, PS/2 mouse or keyboard, Parallel (EPP/ECP) Serial, Video-out supports 1024x768x65,536, XGA-out, IrDA-2** infrared (4Mbps), Line-in, headphone-out, microphone-in
- Warranty, 3 year, worldwide parts-and-labour limited

It's surprising the number of dealers who don't know HP make the PC World 'Editors Choice' 1997 Notebook of the Year.

Or even that it is just one of an exceptional range of Notebooks; there's the value priced, entry level OmniBook 2000, the ultra-compact OmniBook 800, the outstanding multimedia performance of the Desktop-to-Go HP OmniBook 5700 and the flagship OmniBook 3000, the Desktop-to-Go with superior performance.

Of course every dealer knows about HP reliability, their 3 year warranty and their optional HP finance. So call 13 13 47 now.

Hewlett-Packard will also surprise you with a fast response the others can't match.

HP OmniBook 2000 \$2995*

- Intel Pentium®133/150/166MHz, processor with MMX™ technology
- 16Mb of RAM, expandable to 128Mb
- 12.1 inch SVGA TFT or DSTN colour display
- 32-bit PCI bus video with 64-bit graphics accelerator, 2-Mb EDO Video DRAM and Zoomed Video-enabled
- 2.0-billion-byte (1.86-GB) removable Enhanced-IDE hard drive
- Removable, 3.5 in 1.44-Mb floppy disk drive
- Battery - Lithium-ion
- Ports serial and parallel, Mouse/keyboard, XGA-out, IrDA infrared (4Mbps), Stereo-in, stereo-out, microphone-in, MID/joystick port
- Warranty, 3 year, worldwide parts-and-labour limited

HP OmniBook 800 \$6349*

- Intel Pentium®166MHz, processor with MMX™ technology
- 16Mb of RAM, expandable to 80Mb
- 10.4 inch SVGA TFT colour display
- Accelerated 128-bit PCI SVGA video controller, 1Mb Video RAM
- 2.1-billion-byte (2.0-GB) removable Enhanced-IDE hard drive
- External, ultra-thin 3.5 in 1.44-Mb floppy disk drive
- Battery - Lithium-ion
- Ports serial and parallel, Floppy disk, External video, SVGA-out, IrDA infrared (4Mbps), SCSI-2/docking, Stereo-in, stereo-out, microphone-in
- Warranty, 3 year, worldwide parts-and-labour limited
