Configure Legal Notice

# 1 Introduction

This document describes how to configure the legal notice for Operation and Maintenance (O&M) users. The legal notice is managed by SecM user management and it is displayed when O&M users access the node.

**Note:** Depends on the client capability and configuration if the message is presented to the (O&M) user.

## 1.1 Prerequisites

This section describes the prerequisites, which must be fulfilled before using the procedure.

### 1.1.1 Conditions

The following conditions must apply:

- The user has the System Security Administrator role.
- The new legal notice text is known.
- An Ericsson Command-Line Interface (ECLI) session in Exec mode is in progress.

## 2 Procedure

To configure the legal notice:

1. Navigate to the `UserManagement` Managed Object (MO), for example:

```
>dn ManagedElement=NODE06ST,SystemFunctions=1,SecM=1,UserManagement=1
```

2. Enter Config mode:

```
(UserManagement=1)>configure
```

3. Set the legal notice text, for example:

```
(config-UserManagement=1)>legalNotice="Only authorized users  
are allowed to access this system.\nTo use the system you must  
agree to the group policies."
```

**Note:** \n can be used as a line break.

4. Commit the setting:

```
(config-UserManagement=1)>commit
```

5. Verify the legalNotice:

```
(UserManagement=1)>show legalNotice
```

The following is an example output:

```
legalNotice="Only authorized users are allowed to access this system.\nTo
```
