

PassPort® CPS R05.02.04 **Release Notes**

THIS PPCPS VERSION SUPPORTS 12.5kHz ONLY CHANNELS. 25kHz CHANNEL BANDWIDTH REQUIRES SPECIAL PPCPS VERSION WHICH IS INTENDED TO BE USED WHERE THE FCC NARROWBANDING MANDATE DOES NOT APPLY. PLEASE CONTACT MOTOROLA CUSTOMER SERVICE FOR DETAILS. USE OF THIS PPCPS TO PROGRAM RADIOS WILL RESULT IN ANY 25kHz CHANNELS CHANGED TO 12.5kHz OPERATION.

	Radio Firmware	PassPort Firmware	Professional Series Programming Software (CPS)	PassPort Customer Programming Software (PPCPS)
HT1250-LS⁺™ Portable	R05.03.08 or later	R08.02.05 or later	R06.10.01 or later	R05.02.04
CDM1550-LS⁺™ Mobile	R05.07.01 or later	R08.02.05 or later	R06.10.01 or later	R05.02.04

Note: PassPort CPS version R05.02.03 or higher is required for programming LS⁺ Radios (Portables and Mobiles) with PassPort Firmware R08.02.05 or higher, and should not be used on radios with PassPort Firmware below R07.02.09! Failure to comply with this note could lead to programming errors in your radio.

For further information regarding compatibility between the different versions of Radio Firmware, PassPort Firmware, Motorola Customer Programming Software and PassPort Customer Programming Software, please refer to the PassPort Software Compatibility document included in the PassPort CPS (PPCPS) R05.02.04 software.

To access the PassPort Software Compatibility, click on “Start > Programs > Motorola > PassPort CPS > PPCPS R05.02.04 > PassPort Software Compatibility”.

I. Enhancements

N/A

II. Corrections

CCMPD01703457:

PPCPS FCC Narrow Banding Requirement

PPCPS will now require Narrow Band (12.5KHz) configuration on all channels for all subscribers.

III. Known Issues

No known issues

IV. PassPort CPS R05.02.04 Converting a Classic Codeplug to an Enhanced Codeplug

1. Open any classic R07.02.09 codeplug archive file, or read from radio.
2. Go to PPCPS **Convert** menu and choose a conversion option.
3. PPCPS will convert the codeplug and enable editing of enhanced features.
4. The user can save the codeplug to an archive file.

For more details consult the PPCPS help.
