Issue: October 2003

Computer Software Copyrights

The Motorola products described in this manual may include copyrighted Motorola computer programs stored in semiconductor memories or other media. Laws in the United States and other countries preserve for Motorola certain exclusive rights for copyrighted computer programs, including the exclusive right to copy or reproduce in any form, the copyrighted computer program. Accordingly, any copyrighted Motorola computer programs contained in the Motorola products described in this manual may not be copied or reproduced in any manner without the express written permission of Motorola. Furthermore, the purchase of Motorola products shall not be deemed to grant, either directly or by implication, estoppel or otherwise, any license under the copyrights, patents or patent applications of Motorola, except for the normal non-exclusive royalty-free license to use that arises by operation of law in the sale of a product.

Chapter 1

CUSTOMER PROGRAMMING SOFTWARE (CPS) INSTALLATION

1.0 CPS Installation Instructions for Windows 98/NT/2000/ME/XP

Please read the instructions below before proceeding to the on-line installation package for the CPS. Also be sure to read carefully all on-screen instructions during the installation.

The latest CPS can be located and downloaded from Motorola Online at <http://moleurope.comm.mot.com>. The CPS can be located at Resource Centre/Radio Service Software/Customer Programming Software/Commercial Series CPS [ver-#] - (for CM100 Series MDC Radios) *or* Commercial Series 5-Tone CPS [ver-#] - (for CM300 Series 5-Tone radios).

1.1 System Installation Requirements

	Minimum	Suggested
RAM	8 MB	16 MB
Free Hard-Drive Space	10 MB	16 MB
Display Type	VGA (16 colors)	SVGA (256 colors)
CPU	486	Pentium 133MHz

1.2 Installation Procedure

1. Please ensure that you have successfully downloaded the **Customer Programming Software** and the files have been unzipped into a folder.
2. Exit all programs that are currently running.
3. Locate the setup.exe file and double click.
4. The setup package will install the **CPS**. Please follow the on-line installation instructions.

Congratulations! You have completed the installation of the **Customer Programming Software**.

1.3 Starting the Application

To start the **Customer Programming Software**

1. Click on the **Start** button.
2. Select **Programs ->Commercial Series 5-Tone CPS ->R01.08.00** (for 5-Tone Radios)

or

3. Select **Programs ->Motorola ->Commercial Series CPS ->CPS** (for MDC Radios)

Chapter 2

TUNER INSTALLATION

1.0 Tuner Installation Instructions for Windows 98/NT/2000/ME/XP

Please read the instructions below before proceeding to the on-line installation package for the Tuner Software. Also be sure to read carefully all on-screen instructions during the installation.

The latest Tuner Software can be located and downloaded from Motorola Online at <http://moleurope.comm.mot.com>. The Tuner Software can be located at Resource Centre/Radio Service Software/Customer Programming Software/Tuning Software for all Professional & Commercial Series Radios (ver-#).

1.1 System Installation Requirements

	Minimum	Suggested
RAM	8 MB	16 MB
Free Hard-Drive Space	10 MB	16 MB
