

CROSS REFERENCE LIST  
C SERIES TO PLANT SERIES

1. GENERAL

1.01 This addendum supplements the main section and is issued to add Pacific Tel. practices, and such Long Lines practices as are used in Pacific Tel., to the cross reference list of Sections re-numbered into the Plant Series.

1.02 The cross reference list includes only the base numbers of the sections. Addenda, appendices and supplements are not listed since no number change is involved. Should an appendix or supplement be re-numbered into the Plant Series as a separate practice, then of course it will be listed under its new number.

Add the following to the cross reference list:
