

INFORMATION SECURITY INDEX

<u>TERMS/DEFINITIONS</u>	<u>PAGE</u>
Access, Authorizing by Group	14
Access, Backdoors	15
Access, Defaults for Data	12
Access, Permitting/Limiting by Time Period	11
Access, to Operating System	15
Access, to Password Files	14
Access, to Security Access Controls	15
Access, to Sensitive Data	12
Accountability, Personal	2
Application Security Checklist, SW912	5
Auditing	6
Authentication Function	11
Authentication, Performing Entire Process	13
Backups, Documenting	22
Biometrics	13
BOSSR Security Analyses	6
BOSSR, Bellcore Operations Systems Security Requirements	3
Changes, Authorizing	20
Changes, Emergency	21
Client Department	8
Code of Business Conduct	2
Company Security Policies	8
Compliance Methodology	8
Continuity of Service	22
Controls, Determining Adequacy	10
Controls, Documenting	7
Controls, Electronic Environment	10
Controls, Implementing Technical	7
Controls, Physical Environmental	10
Controls, Using Operating Environment	19
CORINET Help Desk	13
Correction of Flaws	20
Cryptography	13
CSAG, Computer Security Administration Group	4
CSAG, Contacting	8
Data (definition)	4
Default Classifications	21
Definitions in SW912	4
Design and Coding	17
Design Reviews	19

PROPRIETARY

*Not for use or disclosure outside of Southwestern Bell
Telephone Company except under written agreement*

INFORMATION SECURITY INDEX

<u>TERMS/DEFINITIONS</u>	<u>PAGE</u>
Displaying Last & Invalid Logins	16
Documentation, Security Practices (SWxxx's)	3
Documenting Security Features	21
Documenting, Software Security Controls	6
Encrypting Data (for transmission)	18
Encrypting Data (within an application)	12
Guidelines (definition)	4
Identification Function	11
ISF Chairperson	11
ISF, Contacting	8
ISF, Security Reviews and Exceptions	11
ISPR (Bellcore system review)	6
Kerberos	13
Limits on User Actions	22
Log, Access to Audit	16
Log, Audit	16
Logon Attempts, Invalid	16
Message, Displaying Warning	11
MSFR, Minimum Security Functional Requirements	3
No-trespassing Warning	11
OP 71, Information Systems	9
OP113, Protection of Electronic Information	2
Operations Test	17
OSS, Operating Support Systems	6
Password, Initial Entry or Changing	13
Password, Reuse	14
Passwords	13
Passwords, Aging	14
Passwords, Displaying	14
Passwords, Format	14
Passwords, Individual	13
Passwords, One-time Generators	14
PHONE, Contacting	12
Platform Techniques/Mechanisms	18
Procedures, Client/End-user	22
Project Leader	7
Project Manager	6
Protecting Master Software	22
Recovery, Coordinating Facility or Network	22
Recovery, Documenting	22
Requirements, by Platform	3

PROPRIETARY
