

WORK UNITS FOR PLANT UPKEEP AND CHANGES
GENERAL

1. GENERAL

1.001 This addendum supplements Section 015-100-010, Issue 8 in toll central offices.

1.002 This addendum, with Exhibit I, is issued to specify a detailed inventory record format for manually counted work unit items in toll central offices and toll outside locations.

2. USE OF FORMS - GENERAL

2.001 Exhibit I specifies the acceptable format for detailed inventory record for manually counted work unit items in toll central offices and toll outside locations. It indicates the method of showing bays or circuits, lines, items, form, and notes. Total items for each line may be shown at the bottom to assist in summarizing the office totals. It is expected that this type of form may be expanded in size to fit the office and form needs. This detailed inventory record form should be made locally.
