

**CHANGES WORK UNITS
CENTRAL OFFICE — FORM E-4420
(CLASS 5 OFFICES, ETC)**

1. GENERAL

1.001 This addendum supplements Section 015-120-010, Issue 3, dated May 1964.

1.002 This addendum is reissued to:

(a) Provide work units for frame work when telephone lines are changed from dial to Touch-Tone dialing.

(b) Provide work units for bridge lifters connected in the central office and to revise Form E-4420 (10-64) to include work units for bridge lifters authorized by Issue 1.

1.003 The Form E-4420 revision is of a minor nature and the revised stock will not be available until the present stock of Form E-4420 (5-64) is exhausted. It will, therefore, be necessary to arrange locally for correcting existing Forms E-4420 (5-64).

1.004 The following changes apply to revised Form E-4420, Line 26:

COLUMN	FROM	TO
Frame Item	Blank	Bridge Lifters
A — Tot. Item Count	No Change

1.005 *Change in General Section:* The following change applies to Part 1 of the section:

(a) 1.104 — (revised)

1.104 The following sentences should be added:

(8) Bridge lifters connected not authorized by service orders.

(9) Line equipment transfers for Touch-Tone dialing.

2. PREPARATION OF FORM E-4420

The following changes apply to Part 3 of this section:

(a) 3.116 — (revised)

3.116 *Lines 18 and 19: Traffic Line Transfers:*

Enter in A18 the total number of central office lines transferred as shown on completed Traffic Department line transfer forms. These data are to be obtained from Form E-4438 (or its source data) from the entry on the line designated "Traffic Department Line Transfers" in the Exchange Testing section. Also tally one for each line equipment transfer (not on Traffic Department line transfer forms) done for toll restriction or Touch-Tone dialing.

Entries for B18 and B19 are obtained as follows for each section having an entry in B36 and/or B37:

$$B18 = A18 \times B36$$

$$B19 = A18 \times B37$$

(b) 3.1201 — (added)

3.1201 *Line 26: Bridge Lifters:*

Enter the total number of bridge lifters connected during the report period in Column B. This information is obtained from service orders connected during the report period. Also, bridge lifters connected during the report period for use in conjunction with dedicated plant, main frame fill, etc, not authorized by service orders should be added to the above count.
