

## CIRCUIT BREAKER, KS-15636

### REQUIREMENTS AND ADJUSTING PROCEDURES

#### 1. GENERAL

(a) 2.04 is revised to read as follows:

1.001 This addendum supplements Section 026-310-701, Issue 3.

1.002 This addendum is issued to revise 2.04, which covers the Requirements for Contact Surfaces.

**Contact Surfaces:** See Fig. 3—Main Contact Surfaces shall be clean and free from build-ups which might interfere with reliable contact. Inspect annually or after tripping due to a short circuit.

#### 2. REQUIREMENTS

The following change applies to Part 1 of this section:

Gauge by eye.
