PIECE-PART DATA AND REPLACEMENT PROCEDURES

1. GENERAL

1.001 This addendum supplements Section 040-514-801, Issue 4.

1.002 This addendum is issued to add a new 1.06 which covers the information on the new plastic plate (cover cap) and to add piece-part information on the N5, N6, S71, S72, S74, and S537 relays to the table of piece-parts in Part 2 of this section.

1. GENERAL

The following change applies to Part 1 of this section.

- (a) 1.06—a new paragraph added which shall read as follows:

“The material of the plate (cover cap) P-169127 is made of a flame retardant

water-white transparent polycarbonate. The replacement date is governed by the depletion date of the formerly used material with no change in the part number. All new relays will be equipped with a cover cap of the new material.”

2. PIECE-PART DATA

The following change applies to Part 2 of this section.

- (a) Table of piece-parts—add the following piece-part information for the N5, N6, S71, S72, S74, and S537 relays:
