

OILS

1. GENERAL

1.001 This addendum supplements Section 065-330-110.

1.002 It is issued to specify the only acceptable lubricating oil for use in the KS-15992, KS-19896, and KS-20592 solar gas turbine alternators.

2. LIST OF OILS (in order of viscosity from heavier to lighter)

The following change applies to Part 2 of the section:

- (a) Add the following information to the "List of Oils"

OIL, LUBRICATING, ALTERNATORS – GAS TURBINE

Mobil SHC-824 Oil

For use in KS-15992, KS-19896 L1 through L4, L15 and L16, KS-20542 L1 through L4, L11 and L12 solar gas turbines.

Mobil SHC-824 is a multigrade oil and should be used at all Pacific Company (PAC) locations.

Note: Oil (which is supplied in 5 gallon cans) orders are to be placed on a nonstock basis using Form P 505-1. Include the address of the supplier from which Western Electric (WE) should obtain the oil from in the body of the P 505-1.

- (a) Orders placed through WE in San Leandro:

Mobil Oil Company
Oakland Terminal
1197 Ferry Street
P.O. Box 24125
Oakland, California 94623

- (b) Orders placed through WE in Los Angeles:

Mobil Oil Company
Los Angeles Terminal (Vernon)
2619 E. 37th Street
Los Angeles, California 90058
