

**CODED TOOLS**  
**NO. 651A TO 655B**  
**DESCRIPTION**

TOOL, 651A Manufacture Discontinued

Replaced by the No. 651D tool.

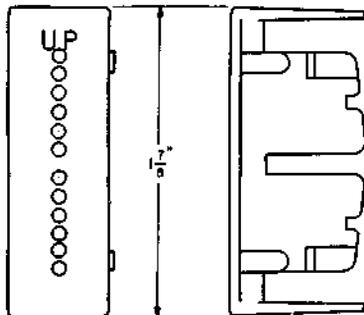

TOOL, 651B

Relay contact connector holder

For use in conjunction with the No. 639A and 360-type tools for making connections to the fixed contacts on 24-position AJ-type relays.

→ TOOL, 651C

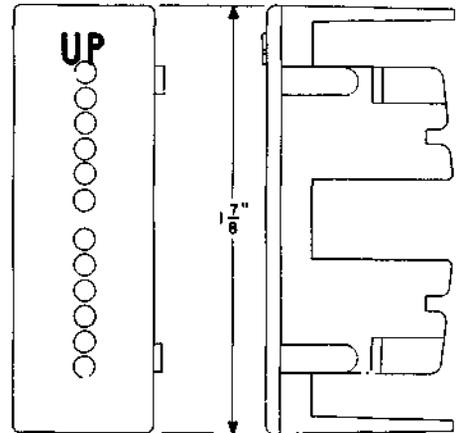

Relay contact connector holder.

Used only on the initial production (less than 100,000) 12-position relays which were equipped with covers having metal frames. It is not satisfactory for use on any other relays.

For use in conjunction with the No. 639A and 360-type tools for making connections to the fixed contacts on AP-, AG-, and 12-position AJ-type relays not equipped with a contact cover spring.

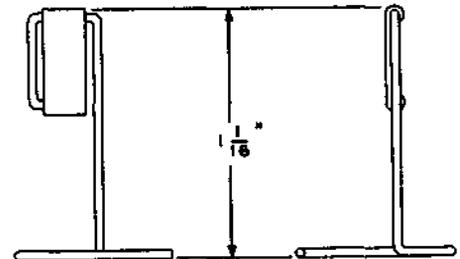

TOOL, 651D

Relay contact connector holder

For use in conjunction with the No. 639A and 360-type tools for making connections to the fixed contacts on AP-, AG-, and 12-position AJ-, and AK-type relays equipped with a contact cover spring.

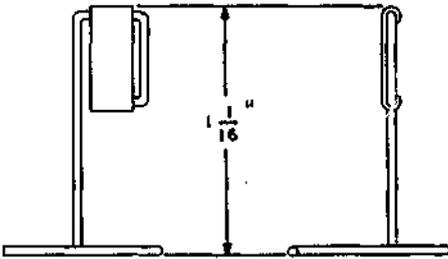

TOOL, 652A

Spring holder

For holding movable springs in positions 19 to 24 when replacing cards on 24-position AJ-type relays.

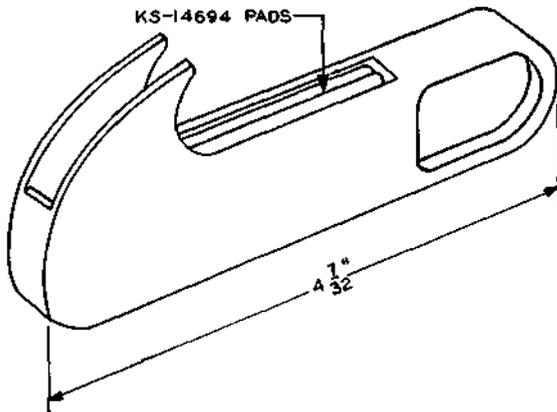

TOOL, 652B

Spring holder

For holding movable springs in positions 13 to 18 when replacing cards on 24-position AJ-type relays.

TOOL, 653A

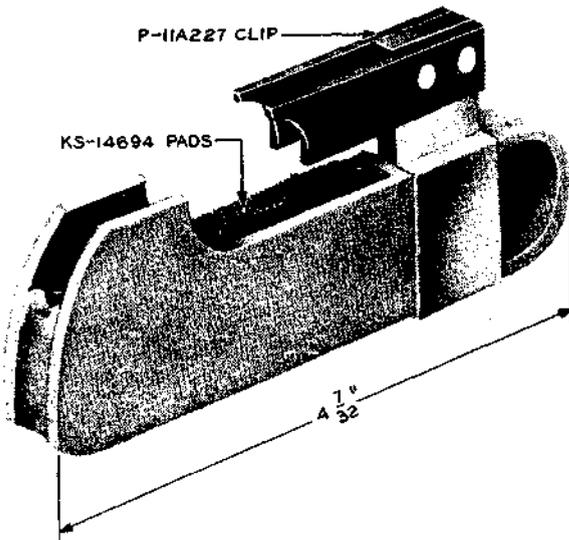

Scouring pad holder

KS-14694 pads used in this tool must be ordered separately.

For use in scouring sequence switch cams.

TOOL, 653B

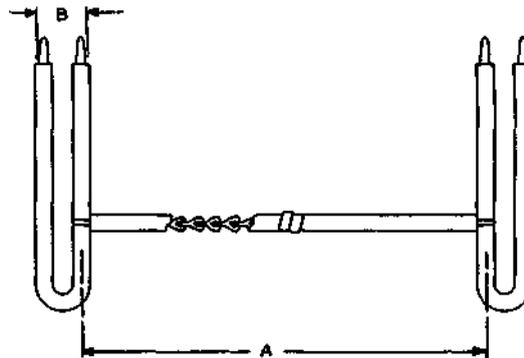

Scouring Pad Holder

KS-14694 pads used in this tool must be ordered separately.

For use in scouring sequence switch cams where equipment arrangements are such that the No. 653A tool can not be used.

- TOOL, 654A
- TOOL, 654B
- TOOL, 654C

Code No.	Dimension "A"	Dimension "B"
654A	3-7/8"	1.023"
654B	5-1/4"	0.555"
654C	4-5/8"	0.830"

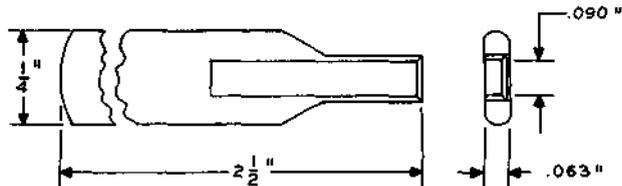

Relay remover

For use in removing 289-, 290-, and 293-type relays, respectively, in AMA and No. 5 crossbar system.

TOOL, 655A Manufacture discontinued

Replaced by the No. 655B tool.

TOOL, 655B

Buildup remover

Replaces the No. 655A tool.

For use in removing buildups on contacts of wire-spring type relays.
