SAFETY II – DESCRIPTION

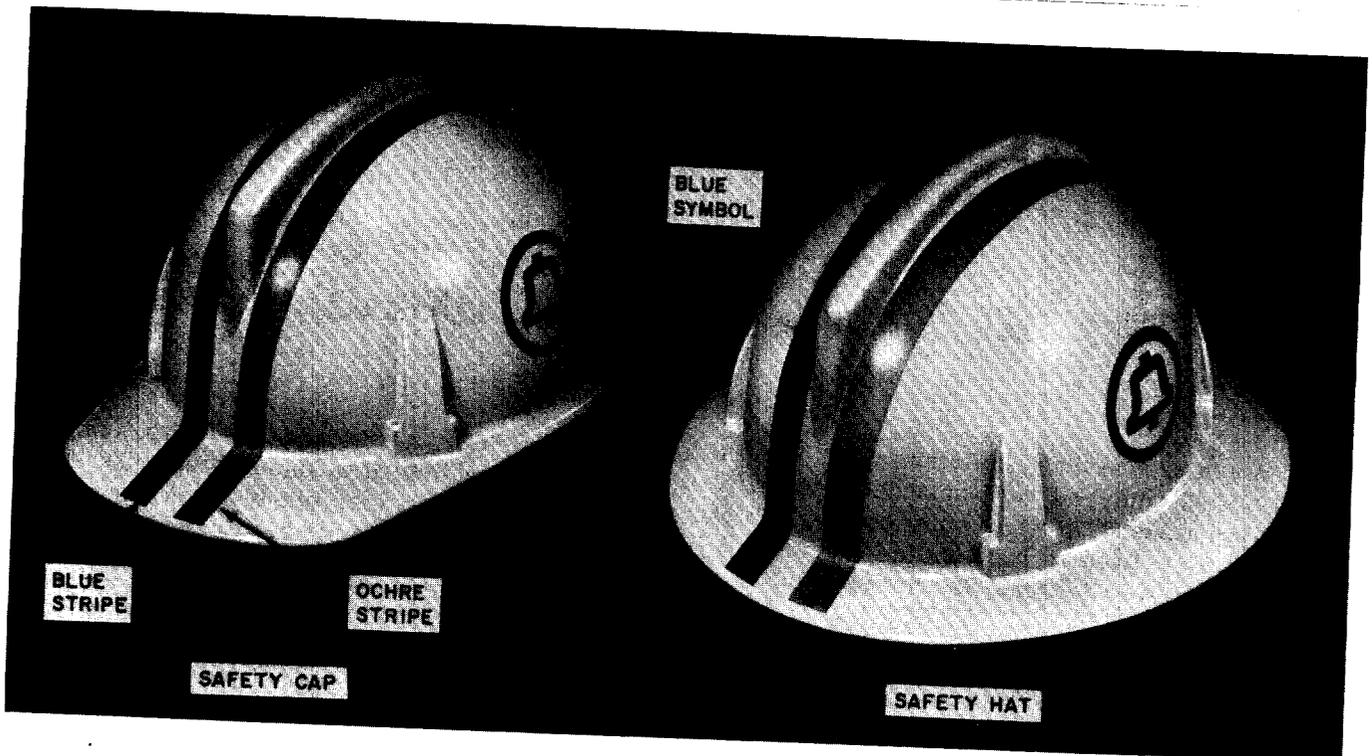

1. GENERAL

- 1.01 This section covers noncoded Bell System safety equipment.
- 1.02 When this section is reissued, the reason for reissue will be listed in this paragraph.

1.03 The information contained in this section supersedes the corresponding information in Section 074-755-101.

1.04 See tool index for another Safety practice.

HEADGEAR

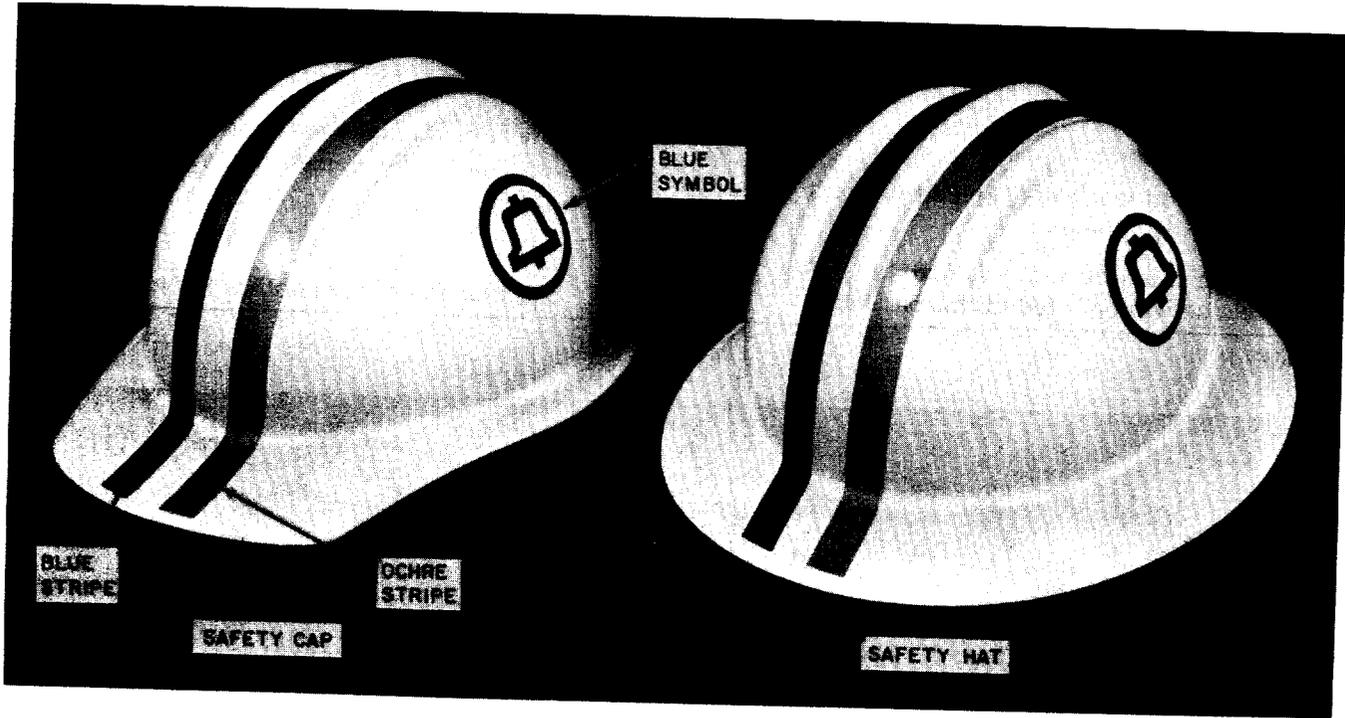

Shockgard Mark II Safety Headgear

NOTICE

Not for use or disclosure outside the
Bell System except under written agreement

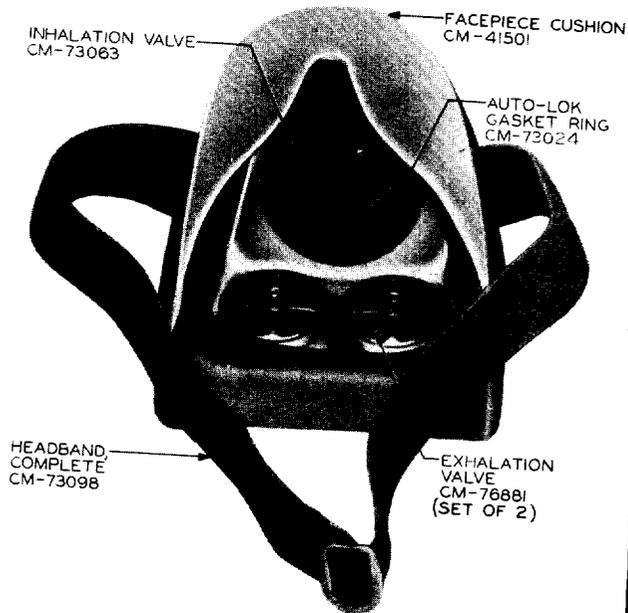

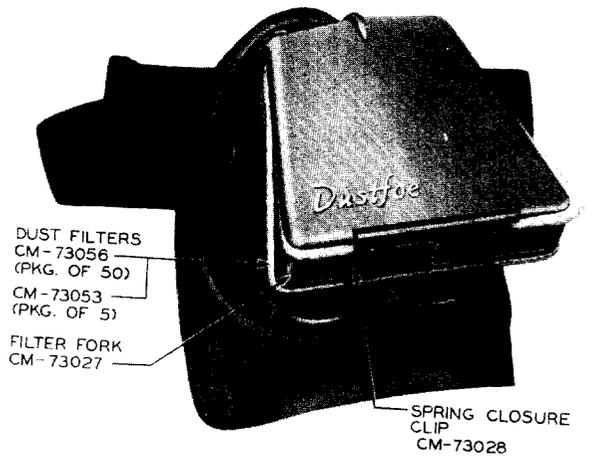

HEADGEAR (CONT)

Estherene II Safety Headgear

Safety headgear is available in either a hat or cap style. The hats and caps consist of a molded, high-impact plastic shell equipped with detachable suspensions which are adjustable to different head sizes. Both styles are available in white color only with a pair of parallel reflective stripes (one blue and one ochre) running from front to back and a heat branded Bell symbol on each side of the headgear. See Section 081-020-010 for additional description and use.
