

TOOLS

TRIMMERS—DESCRIPTION

1. GENERAL

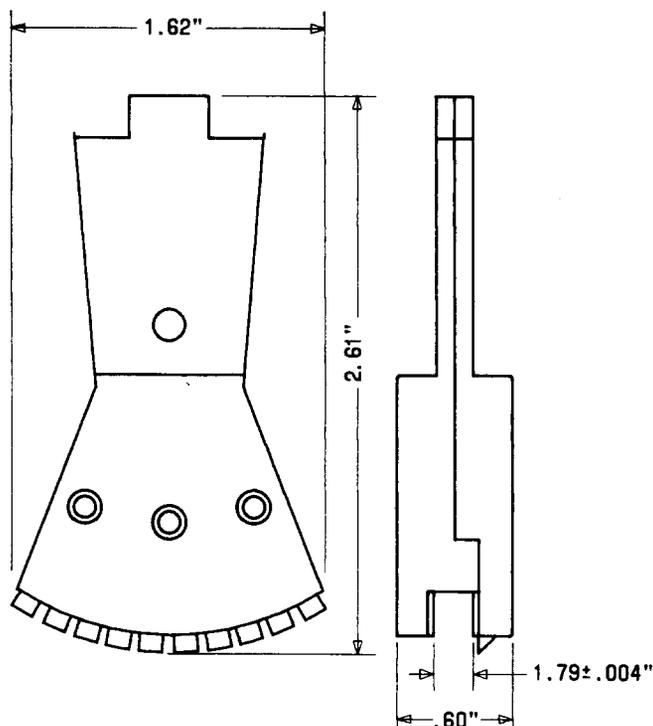

1.01 This section covers a noncoded Bell System trimming tool.

1.02 This section is reissued to add the 788C1 tool. The Equipment Test List is not affected.

1.03 The information contained in this section supersedes the corresponding information in Section 074-800-101.

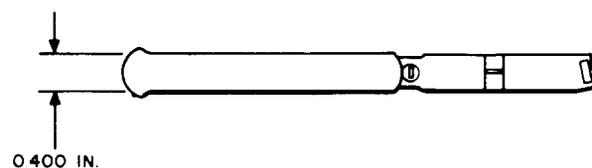

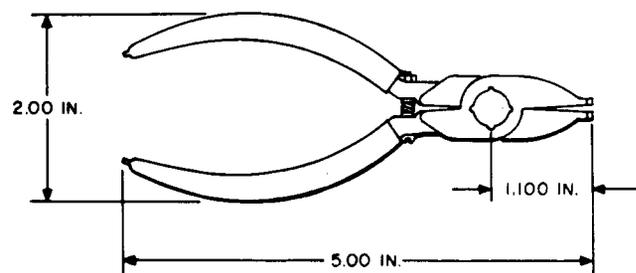

2. DESCRIPTION OF TOOLS

788C1

Used With a 788A1 Handle for trimming off unused portions of conductors installed on an 88-type wiring block.

KS-20704, L1

A Hand Operated Punch With Insulated Handles. It is intended for use in central offices to remove damaged Mylar from step-by-step banks.

NOTICE

Not for use or disclosure outside the Bell System except under written agreement
