

KS-16363 L1 WIRE WRAPPING TOOL
AND ASSOCIATED WRAPPING BITS AND STATIONARY SLEEVES
PIECE-PART DATA AND REPLACEMENT PROCEDURES

1. GENERAL

1.001 This addendum supplements Section 075-120-801PT.

1.002 It is issued to provide instructions for maintenance and repair of the KS-16363 L1 and L2 wire wrapping tool.

2. PIECE-PART DATA

The following change applies to Part 2 of the section:

- 2.02.1 and 2.02.2 — added

2.02.1 Some piece-parts of the KS-16363 L1 and KS-16363 L2 wire wrapping tool are not interchangeable.

2.02.2 We recommend that field locations maintain stock for repair of stationary sleeves and wrapping bits only. If further repair is needed, follow procedures in Part 4 of this addendum.

4. REPAIR PROCEDURES

4.01 The OK Machine and Tool Corp. will repair the KS-16363 L1 and L2 wire wrapping tools for \$11.21 each (price is subject to change), FOB Bronx, New York. This includes the replacement of defective parts and labor.

4.02 The repair and return time is two (2) weeks. The wire wrapping tool is returned via United Parcel Service, and the return shipping charge is added to the bill.

4.03 Fill out a Form P 2 (Purchase Order) as instructed in System Instruction 70, Section 2.

(a) The supplier is:

OK Machine and Tool Corp.
3455 Conner Street
Bronx, New York 10475

(b) Enter the number of wire wrapping tools being shipped for repair under Quantity. Enter "\$11.21" under Price. Enter "Repair KS-16363 wire wrapping tool, FOB Bronx N.Y." under Description.

(c) Complete all entries on Form P 2 and obtain proper signatures.

(d) Place the supplier's copy (white) of the purchase order in the package with the wire wrapping tool. Address and mail the package to the location stated in (a) above.

(e) Questions or problems should be referred to your Region N.O. staff.
