

ARROW - STAPLER

T-18

1. GENERAL

1.01 This appendix provides information about the T-18 stapler.

1.02 The Arrow T-18 stapler replaces the TM stapler.

2. DESCRIPTION

2.01 The T-18 stapler is a magazine-fed tool. It employs 3/16 in. round crown staples in 3/8 in. leg lengths. It may be used to fasten "D" station wire and 10, 12 and 14 gauge ground wire to wood surfaces.

3. OPERATION AND CLEANING

3.01 Refer to the main section for operation and cleaning instructions for the Arrow type staplers.

4. STAPLES

4.01 Selection of staples as follows.

- T-18 staples - Indoor locations (only)
- T-18 Monel Staples - Outdoor Locations
