

SC WIRE CLIP

1. GENERAL

1.01 The SC wire clip (Fig. 1) is used on drop wires at house attachments to provide slack in the wire. The clip also may be used to secure wire guards.

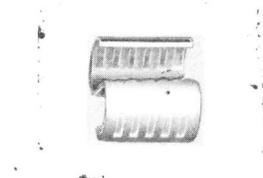

Fig. 1 — SC Wire Clip

1.02 Illustrations of the clips used on dropwire at house attachments are covered in Plant Series Section 462-350-213.

1.03 Illustrations of the clips used to secure wire guards are covered in Plant Series Sections 462-450-100 and 462-450-205.
