

BOND CLAMPS
DESCRIPTION AND USE

1. GENERAL

1.001 This addendum supplements Section 081-852-118, Issue 1.

1.002 This addendum is reissued to include information on the AT-8688 spare nut kit for D bond clamp and to delete washer shown in Fig. 9 and 10.

2. CHANGES TO SECTION

2.001 On page 1 add the following paragraph to Part 1:

1.05 B and D bond clamps are furnished with only one nut and no washers which is sufficient when using the "floating bond" method. A package of 10 extra nuts, AT-8688 spare nut kit for D bond clamp, is available for use in closures of earlier design.

2.002 On page 6, Fig. 9 and 10, delete washers.
