

**ENCAPSULATING AND PLUGGING**  
**COMPOUNDS — DESCRIPTION**

**1. GENERAL**

**1.001** This addendum supplements Section 081-852-123, Issue 3.

**1.002** It is issued to delete instructions for the use of B encapsulant, which is not standard for use in Pacific Company and Nevada Bell.

The following change applies to Part 1 of this section:

- 1.01 — revised

**1.01** This section describes the materials used in making airtight pressure plugs and moisture plugs, waterproofing splice joints, and encapsulating splices.

**2. DESCRIPTION**

The following changes apply to Part 2 of this section:

- 2.01 through 2.10 — deleted
- Fig. 1 — deleted
