

B SIDING CLIP
(AT-8939)
DESCRIPTION AND USE

1. GENERAL

1.01 This section covers the description and use of the B siding clip (AT-8939). The clip is used to fasten drop or station wire on aluminum house siding.

1.02 Whenever this section is reissued, the reasons for reissue will be given in this paragraph.

2. DESCRIPTION

2.01 The B siding clip (AT-8939) is a molded one-piece clip that is made of clear plastic (Fig. 1). The clip is intended to fasten single or multiruns of station or drop wire to aluminum siding on houses in a vertical or horizontal position. D station wire is shown installed on the clip in Fig. 2 and 3. Typical building installations are shown in Fig. 4, 5, and 6.
