

EMERGENCY ENGINE GENERATOR SETS

PORTABLE SETS

LOCATION AND ASSIGNMENT

OF FIRST CHOICE SETS

1. GENERAL

1.01 The portable emergency engine sets listed below are placed in centralized locations in the districts. The set is assigned by C.O.E. tag number as the first choice for use in a designated exchange. Should the set assigned as first choice not be available, refer to Section 159-198-903 for the location of other sets of the size and type required.

1.02 All portable emergency engines are gasoline operated unless otherwise specified.

1.03 When an engine is to be sent from one location to another location, "Memo" Form SN-65 shall be prepared in accordance with Plant Instructions 160.50.
