

J87224 RECTIFIER
OPERATING METHODS

1. GENERAL

1.001 This addendum supplements Section 169-256-301, Issue 3. Place this pink sheet ahead of Page 1 of the section.

1.002 This addendum is issued to add reference to a gradual rectifier output current increase (walk-in) feature. The Equipment Test List is not affected.

The following change applies to Part 1 of the section.

Add 1.11 as follows

1.11 A new J87224A Lists 7, 8, and 9 or a J87224B Lists 6, 7 and 8 rectifier is available with the gradual output current increase (walk-in) feature to replace existing list numbers which have been rated "Mfr. Disc."
