

## J99395 COMMON SYSTEMS

### DESCRIPTION

#### TYPE G 2600-HZ SINGLE FREQUENCY SIGNALING

##### 1. GENERAL

1.001 This addendum supplements Section 179-400-100, Issue 1. Place this pink sheet ahead of Page 1 of the section.

1.002 This addendum is issued in compliance with the FCC ruling which requires that a warning statement be placed in the user's documentation for equipment that generates and uses radio frequency energy and may radiate this energy.

##### 2. CHANGES TO SECTION

2.001 At the end of paragraph 1.01, add the following:

*Warning: This equipment generates, uses, and can radiate radio frequency energy and if not installed and used in accordance with the instructions manual, may cause interference to radio communications. As temporarily permitted by regulation, it has not been tested for compliance with the limits for class A computing devices pursuant to Subpart J of Part 15 of FCC Rules, which are designed to provide reasonable protection against such interference. Operation of this equipment in residential areas is likely to cause interference; in which case, the user, at his own expense, will be required to take whatever measures may be required to correct the interference.*
