

ALPHABETICAL INDEX

FOR DIVISION 201

1.01 This section provides an alphabetically arranged list of the sections in Division 201 of the Plant Series of Bell System Practices. It includes listings as of BSPM 924B, issued June, 1964.

A

ABNORMAL MAINTENANCE EFFORT,
Prevention during installation
activity..... 201-112-001

ADMINISTRATION MAINTENANCE see MAINTENANCE ADMINIS-
TRATION

AIR DEFENSE WARNING SYSTEM, CIVIL,
Central office control circuit
(SD-95332-01),
alarm procedure..... 201-301-301
test..... 201-301-501
Public signal control circuit
(SD-95688-01),
tests,
code distributing circuit,
five stations (SD-95685-01).... 201-302-501
eight stations (SD-95743-01)... 201-303-501
200 stations (SD-95678-01).... 201-304-501
Tests,
branch circuit dialing..... 201-305-501
network dialing and pulsing..... 201-305-501
station line, using SD-95746-01.... 201-307-501
two-way signaling repeaters
(SD-95681-01 and SD-95682-01).... 201-306-501

ALARMS,
B1,
description..... 201-630-101
general operation..... 201-630-301
record..... 201-630-010
C1,
description..... 201-631-101
record..... 201-631-010
test..... 201-631-501
Cable insulation (SD-96348-01),
alarm procedure..... 201-607-301
test..... 201-607-501
Cable protection,
tests,
SD-55211-01..... 201-613-501
SD-90412-01 or SD-95025-01..... 201-611-501
D1,
tests,
out-of-service..... 201-633-501
troubles, analyzing and clearing,
substation and main station
units..... 201-633-301
D2,
tests..... 201-634-501
Emergency systems,
description..... 201-601-101
tests,
code signal automatic fire
detection, (SD-90437-01)..... 201-601-504
separate incoming alarm from
distant office, (SD-90642-01)... 201-601-501
single zone, automatic fire
detection, (SD-90641-01 or
SD-96052-01)..... 201-601-502

zone indicating, automatic fire
detection, (SD-90560-01 or
SD-96049-01)..... 201-601-503
Fire drill,
test..... 201-603-501
Fuse,
tests..... 201-604-501
Indication Log - Form E-3870..... 201-632-010
Interrupter, 60 IPM, and distribution
circuit,
tests..... 201-614-501
Low insulation (SD-62489-01),
test..... 201-609-501
Major audible, coded signaling,
SD-95798-01,
tests..... 201-605-501
Receiving Circuit (SD-95418-01),
taking equipment out of service... 201-615-301
test..... 201-615-501
TD radio systems,
test..... 201-637-501
Unattended repeater stations,
description..... 201-628-101
test..... 201-629-501

ALERTING SYSTEM, GROUP,
Tests..... 201-645-501

ANNOUNCEMENT EQUIPMENT,
Machine intercepting, No. 6A systems,
tests,
control circuit..... 201-513-501
distributing and alarm circuit... 201-513-502
No. 5A announcement system,
tests,
amplifiers and alarms..... 201-511-501
Time of day service,
announcement systems No. 1 and
No. 1B,
alarm procedure..... 201-505-301
description,
manual announcement..... 201-505-101
taking equipment out of service.. 201-505-302
tests,
announcement trunk..... 201-505-504
desk circuit..... 201-505-501
incoming distributing circuit.. 201-505-502
outgoing distributing circuit.. 201-505-503
announcement system No. 4A,
tests,
alarm and distributing circuits 201-509-501
trunks..... 201-509-502
subscriber operated,
tests,
control and distributing
circuit..... 201-501-501
trunks..... 201-501-502
Weather forecast service, No. 3A system,
tests,
control circuit, subcenter..... 201-507-502
control, volume limit indicator
and tape amplifier circuits.... 201-507-501
trunks and associated distri-
buting circuits..... 201-507-503

B

"BELLBOY" see PERSONAL SIGNALING SYSTEM NO. 1A

C

COMPENSATING RESISTANCE,
Revertive and PCI pulsing circuits... 201-822-301

CONDENSERS, see CAPACITORS

CONFERENCE CIRCUITS,

Private line,
tests,
operation..... 201-825-501
transmission..... 201-825-502

CROSSES AND GROUNDS, SWITCHBOARD MULTIPLE,
Location of..... 201-710-301

D

DIRECTORS,
Remote control, used with TD2 radio
relay,
test..... 201-636-501

DISTANCE DIALING NOTES see NOTES ON DISTANCE DIALING

DISTRIBUTING FRAMES,

Cross connection,
methods,
PBX battery feeders,
"A" type main frame..... 201-202-301
PBX station and ringing supply
feeders,
"A" type main frame..... 201-202-301
Heat coils and protector blocks,
placing and maintaining..... 201-206-301
Heat coils and protector springs,
test,
resistance..... 201-206-501
Inspection..... 201-204-501
No. 444 type jacks,
guards, protective, placing and
removing,
16-type..... 201-206-301
use of cords and plugs..... 201-205-301
Main frame for large central offices,
description..... 201-201-101
Protection,
"A" type main frame..... 201-202-301
"B" type main frame..... 201-203-301
Protectors and protector mountings,
piece part data and replacement
procedures,
other than 121-type..... 201-206-801
Warning markers,
placing and removing..... 201-206-301

G

GROUP ALERTING SYSTEM
tests..... 201-645-501

GUARDS, PROTECTIVE, see DISTRIBUTING FRAMES

I

IDLE TRUNK INDICATING, GROUP BUSY AND
ANSWERING LAMP CIRCUITS,
test..... 201-712-501

INDEX PLAN, DIAL SERVICE see MAINTENANCE ADMINIS-
TRATION

INSTALLATION ACTIVITY,
Prevention of service interruptions.. 201-112-001

K

KEY, MONITORING, (SD-96314-01),
Test..... 201-705-501

KEYSET CIRCUIT, MF,
Nos 13C, 13D, 14C, 15C, and 15D
switchboards,
tests,
0 DBM per frequency..... 201-715-501
-3 DBM per frequency..... 201-715-502

L

LINE CIRCUITS,
Tests,
emergency, SD-95336-01..... 201-652-501
manual auxiliary emergency..... 201-651-501

M

MAINTENANCE ADMINISTRATION,
Central office,
fundamentals..... 201-101-001
work scheduling..... 201-110-001
service index plan, dial,
general..... 201-102-001
tables..... 201-102-002

O

OPERATOR TRAINING EQUIPMENT,
Tests,
CAMA training circuit, SD-95802-01. 201-702-501
keypulsing drill circuit,
SD-95830-01..... 201-701-501

ORDER WIRE,
Description,
selective signaling, SD-62476-01... 201-625-101
selective signaling, SD-55320-01... 201-626-101
Tests,
600-1500 cycle selective signaling. 201-626-501
radio relay, TD2..... 201-635-501
television..... 201-640-501

P

PERSONAL SIGNALING SYSTEM NO. 1A
Tests,
J1 terminal switching circuits.... 201-810-501
Transmitter control and tone
supply bag..... 201-810-502

PREVENTION OF SERVICE INTERRUPTIONS,
During period of installation
activity..... 201-112-001

R

RECEIVER CIRCUITS, see SIGNALING EQUIPMENT

RECORDERS,
Concentrator trunk usage, SD-96549-01,
test..... 201-401-501
Traffic usage,
frame mounted, SD-95738-01,
cross-connection and assignment
data forms..... 201-414-301
test..... 201-414-501
portable, No. 1, SD-96494-01,
connecting..... 201-410-301
test..... 201-410-501

RECORDS,
Classifying, scheduling, assigning
and recording routine effort..... 201-106-001
Equipment out of service..... 201-114-001
Investigation of test and found OK
reports,
local dial and manual central
offices..... 201-104-001
Ticket analysis file..... 201-108-001

S

SCHEDULING, see MAINTENANCE ADMINISTRATION

SELECTIVE SIGNALING SYSTEMS,
600-1500 cycle, description..... 201-627-101

SEQUENCE SIGNALING,
TD2 radio relay system,
tests,
order circuits..... 201-635-501
remote control sending and re-
ceiving directors..... 201-636-501
Television order circuits,
test..... 201-640-501

SERVICE INTERRUPTIONS,
Prevention during installation
activity..... 201-112-001

SIGNALING EQUIPMENT,
Receiver circuits,
SD-95287-01 (TOUCH-TONE),
trouble location..... 201-820-301

SWITCHBOARD JACKS
Locating crosses and grounds..... 201-710-301
Removing foreign material..... 201-711-301

T

TD2 RADIO RELAY SYSTEMS,
Tests,
order circuits..... 201-635-501
remote control sending and re-
ceiving directors..... 201-636-501

TELEVISION,
Order circuits,
test..... 201-640-501

STONE SUPPLY,
No such number,
alarm, manual transfer and trouble
clearing procedures..... 201-580-301
test..... 201-580-501

TOTALIZER CIRCUIT KS-15947 (SD-95965-01)
Tests..... 201-405-501

TOUCH-TONE CALLING RECEIVER CIRCUIT
(SD-95287-01)
Trouble location..... 201-820-301

TRANSFER CIRCUITS,
Tests,
line or trunk, for restoring
service on emergency basis,
(SD-95690-01)..... 201-650-501

TRUNK USAGE MEASUREMENT,
Using type "A" set..... 201-412-301
Using type "B" set..... 201-413-301

TRUNKS,
Coin zone operator, SD-95851-01,
tests,
at switchboard end, using
SD-95875-01..... 201-720-501

W

WARNING MARKERS,
Placing and removing..... 201-206-301
