PLANT REGISTER INDEX
TESTS
NO. 5 CROSSBAR OFFICES

1. GENERAL

1.01 This section provides an alpha-numerical listing of plant register designations. Lettered items are listed first, followed by numbered items. For testing each register, the following information is given:

- (a) The schematic drawing number of the connecting circuit of each register

- (b) The section number containing test procedure

- (c) The section test letter assigned

- (d) A brief description of the function.

- 1.02** This section is reissued to update the index.
