1. GENERAL

1.001 This addendum supplements Section 225-115-500.

1.002 It is issued to revise certain message register test requirements.

The following change applies to Part 1 of the section:

(a) 1.05 — revised

1.05 The various tests have the following applications:

(a) Tests of new service orders — Apply Test B to newly assigned message registers.

(b) Line message register rearrangements (See Section 680-895-937PT) — Apply Test B to all message registers involved in register rearrangements.

(c) Commercial or Plant Department requests for register investigation, Form K3343. (See Section 002-591-913PT, Appendix 2.)

(d) Accounting Department request for register investigation, Form A-1960-E. (See Section 002-591-913PT, Appendix 2.)
