1. GENERAL

1.001 This addendum supplements Section 226-305-500, Issue 8.

2. APPARATUS

The following change applies to Part 2 of the section:

(a) 2.07 — revised

2.07 Testing cord, W1AF cord, 8 feet 6 inches long, equipped with two 360A tools. Modify cord assembly by removing 360A tool from one end and connecting cord to tip of a 310 plug. Con- ←
nect remaining 360A tool to 30 cord tip of modified 240K plug.
