**1. GENERAL**

1.01 This section gives a list of the sequence charts, operational sketches, and associated reference material (referred to herein as BSP MP items) for the No. 1 step-by-step offices with A.M.A.

1.02 This section is being revised to correct ordering information and other minor items.

1.03 The items covered in this checking list are stocked at the San Francisco Distribution Service Center and can be ordered through your Distribution Center. See Section 005-130-101 for standard ordering procedures.

1.04 When new or reissued BSP MP items are released, this checking list will be reissued. The issue numbers of individual sheets are listed only when such numbers vary.

1.05 The following describes the lists included in this book:

List 1 - Binder

NOTE: One List 1 is required for each book.

List 2 - Includes a frontispiece and four separator index sheets which are indicated as follows:
