1. GENERAL

1.01 This practice provides an index and information access system to locate the standard tests applicable to equipment listed in the preceding table of contents. Test classification and frequency of periodic routine are also provided.

1.02 This is the first issuance of this Equipment Test List (ETL) and covers information originally given in AT&T Practice 233-001-011.

1.03 Comments on this practice should be made by following the instructions in AT&T Practice 000-010-015.

1.04 Routine test information is arranged in the following order from left to right: Practice number, issue/addendum, test letter or paragraph number, test title, test class, frequency, and the last space is for a locally assigned job number.

1.05 Practice 010-300-011 provides Equipment Test List instructions.
