**EQUIPMENT TEST LIST**  
**DIGITAL AND ANALOGUE DATA TRANSMISSION**  
**SYSTEMS**

This addendum supplements Section 314-001-011. It deletes reference to the mandatory review (MR) routine test items listed on the Equipment Test List for Section 314-410-500, Table XII. These tests are replaced by the "maintenance testing" concept described in Addendum 314-410-500PT.
