

THIS SECTION IS A COVER SHEET FOR THE MANUFACTURER'S MANUAL. ATTACH THIS SECTION TO IT.

STATE OF CALIFORNIA
ATSS/DS
MAGNETIC TAPE TRANSPORT
(M3206-1)

1. GENERAL

1.01 This section is a cover sheet for the WANGCO MOD 10 NRZI Magnetic Tape Transport System-Operation and Maintenance Manual 200237M. (GAEL 1695 authorizes the use of this equipment in Pacific Company.)

1.02 The manual contains information for the proper installation, operation, and maintenance of the WANGCO Digital MOD 10 NRZI Magnetic Tape Transport System.

1.03 MOD 10 will be used as part of the Network Management System (NMS) and will retain all permanent records of traffic and network operations for the State of California's Automatic Telecommunications Switching System — Data Services (ATSS/DS) System.

1.04 Copies of the instruction are supplied with the initial installation. To obtain additional copies, order direct from:

Computer Transmission Corporation
2352 Utah Avenue
El Segundo, CA 90245

Note: Due to the expense of this manual, it is recommended that only those locations having maintenance responsibility for this equipment be authorized additional copies if required.

1.05 If corrections are required in the manufacturer's manual, use Form E 3973-1PT (described in Section 000-010-901PT) to process the correction information.

2. MAINTENANCE

2.01 Field repairs that involve replacement of components within this unit are not recommended.

2.02 Periodic maintenance of this unit is limited to that described in Section 3, "Operator Maintenance Functions". The more involved maintenance described in Section 6, "Maintenance on Site", will be performed by a local contractor when required.

2.03 If equipment design and/or manufacturing problems should arise, use Engineering complaint procedures outlined in Section 010-700-010PT.
