

THIS SECTION IS A COVER SHEET FOR THE
MANUFACTURER'S MANUAL. ATTACH THIS
SECTION TO IT.

STATE OF CALIFORNIA
ATSS/DS
MODEL 140 FLOPPY DISK SYSTEM
(M3006)

1. GENERAL

1.01 This section is a cover sheet for the Computer Automation Floppy Disk Subsystem Manual 91-53566-00A0. (GAEL 1696 authorizes the use of this equipment in Pacific Company.)

1.02 The manual contains information for the proper installation, operation, and maintenance of the Model 140 Floppy Disk System.

1.03 Model 140 Floppy Disk System will be used as part of the Network Management System (NMS) to load switch and network management programs.

1.04 Copies of the instruction are supplied with the initial installation. To obtain additional copies, order from:

Computer Transmission Corporation
2352 Utah Avenue
El Segundo, CA 90245

Note: Due to the expense of this manual, it is recommended that only those locations having maintenance responsibility for this equipment be authorized additional copies if required.

1.05 If corrections are required in the manufacturer's manual, use Form E 3973-1PT (described in Section 000-010-901PT) to process the correction information.

2. MAINTENANCE

2.01 Field repairs that involve replacement of components within this unit are not recommended.

2.02 Periodic maintenance of this unit is limited to that described in Section 4. Any involved maintenance will be performed by a local contractor when required.

2.03 If equipment design and/or manufacturing problems should arise, use Engineering complaint procedures outlined in Section 010-700-010PT.
