

STATION AND PBX SCHEMATIC DRAWINGS (SDs)
AND ASSOCIATED CIRCUIT DESCRIPTIONS (CDs)
AVAILABLE IN LETTER (8½ BY 11 INCHES) SIZE

1. GENERAL

1.01 This section provides a numerical index of Station and PBX schematic drawings (SDs) which are available in letter size (8½ by 11 inches) and associated circuit descriptions (CDs). Current issue numbers of the SD and corresponding CD and its highest numbered appendix, if any, are also shown. This information is current as of CD-SD List No. 146 released on B.S.P.M. 127C.

1.02 The former 4 by 6-7/8 inch size handbook drawings are hereby canceled and will no longer be available.

1.03 SDs and CDs on this list are stocked by the WECO Bell System Printed Matter Section. Orders should be sent directly to:

Western Electric Company, Incorporated
 Indiana Publications Center
 Box 26205
 Indianapolis, Indiana 46226

1.04 A Regular (One Time) Order for SDs and/or CDs shall be prepared as outlined in Section 000-010-011 Part 3, using Form SD-1-80.80. Since SDs and CDs are stocked at WECO as separate items, they should be shown as separate items. They may be ordered as individual SDs or CDs or in number blocks, e.g., SD-65000, CD-65000; SD-69000, CD-69000; etc.

1.05 To simplify selecting operations at WECO, it is requested that the order show a complete list of SDs required followed by a complete list of CDs. Both lists should be in numerical order.

1.06 A Standing Order may be established as outlined in Section 000-010-011 Part 4, by submitting Form SD-1-80.80 with attached sheets showing location numbers, addresses and requirements. Standing Order requirements must be for blocks of SDs and/or CDs, e.g., SD-66000 CD-66000, SD-95000 CD-95000.

1.07 Local instructions should be followed for submitting ordering information through proper lines of company organization.

1.08 A bullet (●) indicates an item that has been added or changed since the previous issue of the index.

1.09 A square (□) indicates a canceled item. Information relating to the cancellation, if necessary, will be shown in a footnote at the bottom of the page. Canceled items and related footnotes will be deleted upon reissue of the index.

1.10 "App" is the abbreviation for Appendix.
