

PREWIRING  
HIGH RISE APARTMENT BUILDINGS  
IDENTIFICATION

1. GENERAL

1.01 This addendum is being issued to Bell System Practice Section 461-310-101, Issue 1, to exclude placing of advance wiring as described in Bell System Practice Section 461-310-901 SW, in floors of poured concrete as provided

in this section. Advance wiring shall not be placed in floors of "high rise" buildings which require wire to be placed prior to the concrete pouring of the floor area and result in a non-replaceable section of wiring.
