

VOICE CONNECTING ARRANGEMENT RCZ CONNECTING ARRANGEMENTS RTT AND RC1 AND 4-WIRE SERVICE KS-19645 TYPE RECORDER CONNECTOR

1. GENERAL

1.001 This addendum supplements Section 463-340-120, Issue 4.

1.002 This addendum is issued for the following reasons:

- (a) To add KS-19645, List 6 recorder connector
- (b) To Manufacture Discontinue (MD) the KS-19645, List 2 recorder connectors.

2. CHANGES TO SECTION

ISSUE 1 CHANGES

2.001 On page 2, under ORDERING GUIDE, add MD to the Connector, Recorder, KS-19645, List 2 for: VCA RCZ, CA RTT, CA RC1, and 4-wire circuit.

Note: The List 12 cable will be shipped with each order calling for a KS-19645, List 2 recorder connector.

2.002 On page 2, under ORDERING GUIDE, add:

- Connector, Recorder, KS-19645, List 6

Note: The List 6 recorder will be a List 2 recorder supplied with the List 12 cable. The 44A connecting block and 101A-49 cover are not provided with the cable and must be ordered separately.

2.003 On page 7, following KS-19645, List 11 Network (Fig. 4), add:

KS-19645, List 6 Recorder Connector

- The KS-19645, List 12 cable has been developed for use with the KS-19645, List 2 recorder connector to allow the customer to terminate his interface leads on screw terminals rather than on the Cannon plug. See Fig. 29.

2.004 On page 14, at the end of the Connection Index listing, add: Fig. 29—KS-19645, List 6 Recorder Connector.
