

INSPECTIONS ON STATION VISITS

1. GENERAL

- 1.01 This addendum supplements Section 469-052-930SN.
- 1.02 It is reissued to change Addendum 469-052-930SN, Issue A, Paragraph 2.11, Sub-paragraph (g).

2. INSPECTIONS OF STATION EQUIPMENT

2.11 Protector

Add the following sub-paragraphs:

- (g) Verify the telephone facilities are properly bonded and grounded. (See Section 460-100-400). If irregularities exist and cannot be corrected on the repair visit, report the irregularities on a Form 54 (Unsafe Condition Report).
- (h) Check power ground. If it is broken or missing, follow procedures in Section 460-100-400, Part 7.
