STATION EQUIPMENT - INSTALLATION AND MAINTENANCE

1. GENERAL

1.001 This Addendum supplements section 480-210-200PT.

1.002 This Addendum is issued to make minor corrections.

The following changes apply to part 2 of the section:

(a) 2.11 is revised to read:

2.11 Associated Power relay Sets for use with customer-installed sirens shall be installed as covered in plant series section titled Auxiliary Signals and Power Relay Sets.

(b) 4.04 is revised to read:

4.04 Maintenance of all associated equipment not mentioned above shall be in accordance with sections covering the items.
