

MOUNTING CORDS

FOR 4- AND 6-BUTTON KEY TELEPHONE SETS

1. GENERAL

1.01 This section provides information on mounting cords intended for use with 4- and 6-button key telephone sets. Tables A through D list the mounting cord code numbers and the telephone sets with which the cords are

used: Promoted colors of all cords listed in this section will be shipped until stocks are depleted. Thereafter these cords will be available in satin-silver (-87) only.

1.02 This section is reissued to revise Tables A, E, and C.
