

STATION SETS  
SELECTING OUTDOOR LOCATIONS  
PATIOS & SWIMMING POOLS

1. INTRODUCTION

1.001 This addendum supplements Section 502-120-202.

1.002 It is issued to add specific information about multiple enclosures for use at swimming pools.

2.00 GENERAL

The following changes apply to Part 2 of the Section:

(a) 2.03.1 and 2.03.2 added

2.03.1 Any power wiring shall be provided by customer in accordance with local and national electrical codes.

2.03.2 The Telephone Company will place all telephone wiring. See section titled, "Separation and Mechanical Protection for Wire and Cable".

3.00 INSTALLATION

The following changes apply to Part 3 of the Section:

(a) 3.01.1, 3.01.2 and 3.01.3 are added

3.01.1 Two acceptable commercial enclosures are the Perma-Bilt "Phone-A-Safe", Model No. 711-4 and associated sizes, and the Jensen "Poolside Jack-In-The-Box", Model 3500-4 and associated sizes.

3.01.2 The Basic Requirements for Poolside Multiple Enclosures are:

- Must be equipped with a door containing a lock to prevent unauthorized use of station jack.
- Shall not be hazardous to a person installing equipment or using equipment installed in the enclosure.
- Shall provide proper protection for telephone equipment installed therein.

3.01.3 If there is any doubt that a customer enclosure meets the above requirements, refer the matter to your supervisor.
