

REFERENCE

2702B TELEPHONE SETS

Fig. 1—2702B Telephone Set

1. GENERAL

1.01 This section provides identification, installation, maintenance, and connection information for 2702B PRINCESS® telephone sets.

1.02 This section is reissued to revise Tables A and B.

2. IDENTIFICATION

2.01 The 2702B telephone set (Fig. 1) is intended for individual, 2-party flat rate or 2-party message rate service (CO or key telephone system lines).

2.02 Design Features:

- Ringer volume/OFF-control
- Dial/night lamp

Optional Features

2.03 Optional features include a 1-line pickup when used with 1A1 or 1A2 key telephone system (without hold) and used with 3-type or 4A speakerphone.

2.04 These sets are available in all promoted colors.

Operating Features

2.05 The night light switch allows dial lamp to be operated at reduced intensity (dial lamp illuminates dial at full intensity with handset off-hook Fig. 2).

Fig. 2—2702B Telephone Set, Rear—Night Light Switch Location

Ordering Guide

2.06 Replaceable Components:

- Cord, Handset, H4CJ-*
- Cord, Mounting, D5AK-29 or D4BT-29
- Dial, 35E4A or 35AD4A
- Housing and Plunger Assembly, P-84D8-*
- Lamp, Dial, KS-19387L1†
- Retainer, Number Card, P-25E803
- Ringer, M1A
- Set, Hand, G3A-type*‡

- Socket, Dial Lamp, KS-19240L2†

2.07 Optional Components:

- Kit of Parts (polarity guard), D-180229S

2.08 Associated Components:

- Transformer (dial lamp), 2012A (or equivalent)

* Add appropriate color suffix.

† Available as D-179919 Kit of Parts (containing dial lamp, socket and installation instruction).

‡ Cords available in 4, 9, and 13 foot lengths.

§ Consists of P-90D054 guard assembly, P-21F675 terminal board assembly, P-26E164 retainer, and P-43A392 screw.

3. INSTALLATION

Planning

3.01 Insofar as possible be guided by the customer's wishes in placing apparatus. Consider the following:

- Safety for yourself, customer, and maintenance personnel.
- Availability of power outlet for dial lamp transformer.
- Location of telephone to provide adequate ringer coverage of area.
- General appearance of installation.

3.02 Select a 105-120 volt ac receptacle on a circuit not controlled by a switch for dial lamp transformer. A 2A clamp is available to secure the 2012A transformer to the service outlet. Current production transformers have folded-blade prongs and the 2A clamp is not required. For multipled dial lamp sets, see section covering station transformers for selection information.

For proper illumination of the dial, the wire run between transformer and telephone set should not exceed 250 feet of standard inside wire. Do not use a 25-foot mounting cord.

Fig. 3—PRINCESS Telephone Set, Partial Bottom View

because the added resistance may result in decreased illumination.

Installing

3.03 Install the 2702B telephone set in accordance with standard practices for desk-type telephone sets.

3.04 Refer to appropriate section in Division 461 for selection of appropriate jacks and plugs for these sets.

3.05 Install polarity guard (D-180229 Kit of Parts) only when specified by local instructions for end-to-end signaling. Installation is as follows:

- (1) Remove housing, loosen dial mounting screws, and move the dial to one side without disconnecting the dial leads.
- (2) Insert the P-26E164 retainer in left-hand dial mounting bracket (Fig. 4).
- (3) Insert tabs of P-21F675 terminal board into notches in right-hand dial mounting bracket and secure to retainer using P-43A392 screw.
- (4) Connect polarity guard per Table C.

(5) Reinstall dial mounting bracket, securing the P-90D054 guard assembly mounting bracket under the right-hand dial mounting screw (Fig. 5).

4.02 Housings, handsets, and cords may be cleaned with a damp KS-2423 (or equivalent) cloth. *Do not use scouring cleaners or volatile solvents as these may damage finish.*

(6) Reinstall housing.

4. MAINTENANCE

4.01 Maintenance of the 2702B telephone sets is limited to replacing defective components and burnishing or adjusting switch contacts.

4.03 Refer to sections covering dials, handsets, cords, ringers, etc., for maintenance of these components.
