

KS-19120 INTERCOMMUNICATION SYSTEM
SCHOOL TO HOME
INSTALLATION, CONNECTIONS, AND MAINTENANCE

1. GENERAL

1.001 This addendum supplements Section 512-531-200, Issue 3.

1.002 This addendum is issued to supplement information in Part 2 concerning maximum loop resistance.

2. INSTALLING

The following change applies to Part 2 of this section.

(a) Revised

(a) When it is necessary to extend the loop beyond 2500 ohms, reference should be made to the appropriate AB Section of the Transmission Engineering and Data Exchange Area Transmission Practices.
