Meridian 1

North American Feature Listing

Document Number: 553-3001-012
Document Release: Standard 4.00
Date: June 1999

Revision history

June 1999

Standard, Issue 4.00.

October 1997

Standard, Issue 3.00.

August 1996

Standard, Issue 2.00.

December 1995

Standard, Issue 1.00. This document was created to help users find specific information about X11 features available in North America.

Contents

Introduction

The purpose of this document is to provide a complete list of all software features available on Meridian 1 systems, and to indicate the source document where descriptive information can be found.

The following documents are acknowledged in this Meridian 1 North American Feature Listing:

- ACD feature description (553-2671-110)

- ACD management commands and reports (553-2671-112)

- Background Terminal Facility description (553-2311-316)

- Basic and Network Alternate Route Selection description (553-2751-100)

- Basic and Network Authorization Code description (553-2751-103)

- Call Detail Recording Description and Formats (553-2631-101)

- Centralized Attendant Service description and engineering (553-2681-101)

- Coordinated Dialing Plan description (553-2751-102)

- Electronic Switched Network description (309-3001-100)

- Flexible Numbering Plan description, operation, and administration (553-2751-105)

- ISDN PRI Description and Administration (553-2901-100)

- ISDN BRI Product Description (553-3901-100)

- Meridian Data Services Description (553-2731-100)

- Message Center description and operation (553-2691-100)

- Message Registration description and operation (553-2701-101)

- Network ACD description and operation (553-3671-120)

- Network Queuing description (553-2751-101)

- Office Data Administration System description and engineering (553-2721-100)

- Option 11E 1.5 Mb DTI/PRI Administration and Maintenance (553-3011-310)

- Option 11E ISDN BRI Administration and Maintenance (553-3011-311)

- Property Management System Interface description (553-2801-101)

- Set-Based Administration description (553-3001-303)

- Traffic Measurement Formats and output (553-2001-450)

- X11 software features guide (553-3001-305)

Meridian 1 Software Features

Feature	NTP	Package
1+ Dialing	Basic and Network Alternate Route Selection description	BARS (57)
1.5/2.0 Mbps Gateway	ISDN PRI Description and Administration	PRI2 (154)
7 Digit DNIS for MAX	Automatic Call Distribution Feature description	DNIS (98) ACDD (50)
64K Clear Data	ISDN PRI Description and Administration	ISDN (145)
500/2500 Line Disconnect • 500/2500 Line Disconnect for Outgoing Calls	Software feature guide	BASIC (0)
500 Telephone Features	X11 features and services	SS5 (73)
500 Wake Up Calls	Background Terminal Facility description (Automatic Wake Up)	AWU (102)
510 Trunk Route Member Expansion	ISDN PRI Descripton and Administration	BASIC (24)
911	X11 features and services (Meridian 911)	M911 (224)
911 Operation with Autodial Tandem Transfer	X11 features and services (Autodial Tandem Transfer)	ATX (258)
2500 Telephone Features	X11 features and services	SS25 (18)

Access Codes	Basic and Network Alternate Route Selection description	BARS (57); NARS (58)
Access Restrictions • Class of Service restrictions • Code Restriction • Trunk Group Access Restriction • Trunk signaling arrangements	X11 features and services	BASIC (0)
ACCL Enhancements	X11 features and services	BAUT (25)
ACD Agent Position Increase	Message Center Description and Operation	BACD (40)
ACD Least Call Queuing	X11 features and services	ACDB (41)
ACD Management Reports	ACD management commands and reports	ACDC (42) LMAN (43) ACDD (50)
ACD Message Center	Message Center Description and Operation	BACD (40)
ACD Night Call Forward without Disconnect Supervision	Automatic Call Distribution Feature description	BACD (40)
ACD Night Service	Automatic Call Distribution Feature description	BACD (40)
ACD System Features	Automatic Call Distribution Feature description	BACD (40) ACDB (41)
ACD CDR Queue Records	Call Detail Recording Description and Formats	CDRQ (83)
Activity Codes for Not Ready State	X11 features and services	ACNT (155)
Agent ID option	ACD management commands and reports	BACD (40)
Agent Key (Advanced)	Automatic Call Distribution Feature description	ACDA (45)
Agent Lamps (Advanced)	Automatic Call Distribution Feature description	ACDA (45)
Agent Lamps (Basic)	Automatic Call Distribution Feature description	BACD (40)

Agent Observe (Advanced)	Automatic Call Distribution Feature description	ACDA (45)
Agent Observe Login (Advanced)	X11 features and services	ACD-B (41)
Alarm Management	X11 features and services	ALRM_FIL TER (243)
Analog (500/2500 type) Telephones	Software feature guide (Telephones)	DSET (88) TSET (89) DLT2 (91)
Analog Semi-permanent Connections	ISDN PRI Description and Administration	BASIC (24)
Application Module	X11 features and services	Varies depending upon application
Application Module Link	X11 features and services	IAP3P (153)
Asia Pacific ISDN PRI Central Office Connectivity Phase III	ISDN PRI Description and Administration	PRI2 (154)
Attendant Administration	X11 features and services	AA (54)
Attendant Alternative Answering	X11 features and services	AAA (174)
Attendant Barge-In	X11 features and services	BASIC (0)
Attendant Blocking of Directory Number	X11 features and services	SACP (181) NAS (159)
Attendant Break-In	X11 features and services	BKI (127)
Attendant Busy Verify	X11 features and services	BASIC (0)
Attendant Call Selection	X11 features and services	BASIC (0)
Attendant Calls Waiting Indication	X11 features and services	BASIC (0)
Attendant Consoles • M1250 • M2250 • QCW	X11 features and services	BASIC (0) DCON (140)
Attendant Forward No Answer	X11 features and services	AFNA (134)

Attendant Incoming Call Indicators	X11 features and services	BASIC (0)
Attendant Interpositional Transfer	X11 features and services	BASIC (0)
Attendant Lockout	X11 features and services	BASIC (0)
Attendant Overflow Position	X11 features and services	AOP (56)
Attendant Position Busy	X11 features and services	BASIC (0)
Attendant Recall	X11 features and services	BASIC (0)
Attendant Secrecy	X11 features and services	BASIC (0)
Attendant Splitting	X11 features and services	BASIC (0)
Attendant Supervisory Console • Attendant Status Display • Attendant Status using Lamp Field Array • Visual Indication of Calls in Queue • Attendant Service Observation • Supervisory Assistance • Supervisor Serving as Attendant	X11 features and services	SUPV (93)
Audible Reminder of Held Calls	X11 features and services	BASIC (0)
Australia ETSI	ISDN PRI Description and Administration	ISDN (145)
Authorization Code and Call Transfer	Call Detail Recording Description and Formats	CDR (4)
Authorization Code in CDR	Call Detail Recording Description and Formats	CDR (4)
Autodial • Autodial Flexible Feature Codes • Speed Call/Autodial with Authorization Codes	X11 features and services	OPTF (1)
Autodial Tandem Transfer • 911 Operation with Autodial Tandem Transfer	X11 features and services	ATX (258)
Automatic Answerback	X11 features and services	AAB (47)

Automatic Call Distribution (ACD)	Automatic Call Distribution Feature description	BACD (40)
Automatic Gain Control Inhibit	X11 features and services	BASIC (0)
Automatic Hold	X11 features and services	SUPP (131)
Automatic Line Selection	X11 features and services	LSEL (72)
Automatic Number Identification • Automatic Number Identification/Centralized Automatic Message Accounting Enhancement • In-Band ANI	X11 features and services; Call Detail Recording Description and Formats	ANI (12)
Automatic Number Identification on DTI	X11 features and services	ANI (12)
Automatic Preselection of Prime Directory Number	X11 features and services	BASIC (0)
Automatic Set Relocation • Modular Telephone Relocation • Modifying the Relocation Table	X11 features and services	SR (53)
Automatic Redial	X11 features and services	ARDL (304)
Automatic Timed Reminders	X11 features and services	BASIC (0)
Automatic Trunk Maintenance	X11 features and services	ATM (84)
Automatic Wake Up • 500 Wake Up Calls • Guest Entry of Wake Up Calls • Multi Language Wake Up Calls • Multiple Wake Up Flexible Feature Codes	Background Terminal Facility description	AWU (102); MLWU (206)
Automatic Wake Up FFC Delimiter	X11 features and services	AWU (139)
Auxiliary Processor Link	X11 features and services	APL (109)
Auxiliary Signaling	X11 features and services	BASIC (0)
Back-up D-channel	ISDN PRI Description and Administration	ISDN (145)

Background Terminal	Background Terminal Facility description	BGD (99)
BARS or NARS Bypass Control	Basic and Network Alternate Route Selection description	BARS (57); NARS (58)
Basic Call Service (ISDN)	ISDN PRI Description and Administration	ISDN (145)
B-Channel Overload Control	ISDN PRI Description and Administration	
Bearer capability in CDR	Call Detail Recording Description and Formats	CDR (4)
Boss/Secretary Filtering Enhancement	X11 features and services	BASIC (24)
BRI/PRI Basic Call Interworking	ISDN PRI Description and Administration	ISDN (145)
Bridging	X11 features and services	BASIC (0)
Busy Lamp Field • Busy Lamp Field/Console Graphics Module • QMT3 Lamp Field Array	X11 features and services	BASIC (0)
Call Capacity Report Enhancement	X11 features and services	BASIC (24)
Call Detail Recording (CDR) • Call Detail Recording Answer Supervision for Ground Start Trunks	Call Detail Recording Description and Formats	CDR (4)
Call Detail Recording on Redirected Incoming Calls	X11 features and services	CDR (4)
Call Forcing (Advanced)	Automatic Call Distribution Feature description	ACDA (45)
Call Forward All Calls	X11 features and services	OPTF (1)
Call Forward and Busy Status	X11 features and services	BASIC (0)
Call Forward Busy	X11 features and services	BASIC (0)
Call Forward by Call Type	X11 features and services	BASIC (0)

Call Forward Destination Deactivation	X11 features and services	FFC (139)
Call Forward External Deny	X11 features and services	BASIC (0)
Call Forward No Answer, Second Level	X11 features and services	BASIC (0)
• Call Forward No Answer Second Level for Message Waiting Allowed Telephones		
Call Forward No Answer/Flexible Call Forward No Answer	X11 features and services	BASIC (0)
Call Forward Save on SYSLOAD	X11 features and services	BASIC (0)
Call Forward, Internal Calls	X11 features and services	BASIC (0)
Call Hold, Deluxe	X11 features and services	DHLD (71)
Call Hold, Individual Hold Enhancement	X11 features and services	DHLD (71)
Call Hold, Permanent	X11 features and services	SS25 (18)
Call Interflow (Advanced)	Automatic Call Distribution Feature description	ACDA (45)
Call Join	X11 features and services (Multi-Party Operations)	MPO (141)
Call Park	X11 features and services	CRPK (33)
Call Park on Unsupervised Trunks	X11 features and services	DISA (22)
Call Party Name Display	X11 features and services	CPND (95)
• Multi-Language Call Party Name Display		
Call Pickup	X11 features and services	BASIC (0)
• Central Office Trunk Priority		
Call Pickup, Directed	X11 features and services	DCP (115)
Call Source Identification (Basic)	Automatic Call Distribution Feature description	BACD (40)
Call Redirection by Day	X11 features and services	BASIC (24)

Call Redirection by Time of Day	X11 features and services	BASIC (0)
Call Transfer	X11 features and services	BASIC (0)
Call Transfer and Charge Account	Call Detail Recording Description and Formats	CDR (4)
Call Waiting Flexible Feature Codes	X11 features and services (Call Waiting/Internal Call Waiting)	BASIC (0)
Call Waiting Redirection	X11 features and services	BASIC (0)
Call Waiting/Internal Call Waiting • Call Waiting Flexible Feature Codes	X11 features and services	BASIC (0)
Call-Back Queuing	Electronic Switched Network description	BARS (57) NARS (58)
Call-Back Queuing to Conventional Mains)	Electronic Switched Network description	BARS (57) NARS (58)
Call-by-call Service Selection	ISDN PRI Description and Administration (Integrated Services Access)	IPRA (202)
Called Party Control on Internal Calls	X11 features and services	(CPCI) 310
Called Party Disconnect Control	X11 features and services	BASIC (0)
Calling and Called Number Identification	ANI description	ANI (12)
Calling Line Identification (CLID)	ISDN PRI Description and Administration	NARS (58)
Calling Line Identification CDR	Call Detail Recording Description and Formats	CCDR (118)
Calling Line Identification and Presentation	ISDN Basic Rate Interface Administration (ISDN BRI Calling Line Identification and Presentation)	
Calling Party Number	Call Detail Recording Description and Formats	CHG (23) CDR (4)
Calling Party Privacy	X11 features and services	CPP (301)

Calling Party Privacy Enhancement	X11 features and services	CPP (301)
Calling Party Privacy Override	X11 features and services	CPP (301)
Calls Waiting Indication Key (Advanced)	Automatic Call Distribution Feature description	ACDA (45)
Calls Waiting Indication Key (Basic)	Automatic Call Distribution Feature description	BACD (40)
Camp-On	X11 features and services	BASIC (0)
Camp-On, Forced	X11 features and services	POVR (186)
Camp-On from Inquiry Call (Station Camp-On)	X11 features and services (Night Service Enhancements)	SCMP (121)
Camp-On Recalls	X11 features and services (Slow Answer Recall Enhancement)	SUPP (131) ISDN (145)
Camp-On, Station	X11 features and services	SCMP (121)
Capacity Expansion	X11 features and services	BASIC (0)
Carrier Access Codes	X11 features and services (Equal Access Compliance)	BASIC (0)
CDR	Call Detail Recording Description and Formats	CDR (4)
CDR Answer Supervision	Call Detail Recording Description and Formats	CDR (4)
CDR 100 Hour Call	Call Detail Recording Description and Formats	CDR (4)
CDR Call Types	Call Detail Recording Description and Formats	CDR (4)
CDR Enhancement	Call Detail Recording Description and Formats	CDRX (259)
CDR Expansion	Call Detail Recording Description and Formats	CDRE (151)
CDR Format Enhancement	Call Detail Recording Description and Formats	CDR (4)

CDR on Busy Tone	Call Detail Recording Description and Formats	FCDR (234) CDR (4) CDRTTY (5) ICDR (108)
CDR on Data Link	Call Detail Recording Description and Formats	CDR (4)
CDR on Teletype (TTY)	Call Detail Recording Description and Formats	CTY (5)
CDR Time to Answer	Call Detail Recording Description and Formats	FCDR (234)
CDR with Charge Account	Call Detail Recording Description and Formats	CHG (23) CDR (4)
CDR with Outpulsed Digits	Call Detail Recording Description and Formats	CDR (4) FCDR (234)
Central Office Trunk Priority	X11 features and services (Call Pickup)	BASIC (0)
Centralized Attendant Service	X11 features and services; Centralized Attendant Service description and engineering	CASM (26) CASR (27)
Centrex Switchhook Flash	X11 features and services	THF (157)
Charge Account and Calling Party Number	X11 features and services	CHG (23)
Charge Account, Forced	X11 features and services	FCA (52)
Charge Account with AUXID	Call Detail Recording Description and Formats	CHG (23) CDR (4)
Charge Conference	Call Detail Recording Description and Formats	CHG (23) CDR (4)
CLASS: Calling Number and Name Delivery	X11 features and services	
Conference • Six-party conference for PBX (500/2500) Telephone	X11 features and services	BASIC (0)
Conference 6	X11 features and services (Multi-Party Operations)	MPO (141)

Conference – Autodial (See No Hold Conference)	X11 features and services (No Hold Conference)	SSC (34)
Conference – Hot Line (See No Hold Conference)	X11 features and services (No Hold Conference)	SSC (34) HOT (70)
Conference – Speed Call (See No Hold Conference)	X11 features and services (No Hold Conference)	SSC (34)
Console Operations • Console Presentation	X11 features and services	COOP (169)
Console Presentation Group	Multi-Tenant Service description	CPGS (172)
Console Presentation Group Level Services	X11 features and services	CPGS (172)
Controlled Class of Service	X11 features and services	CCOS (81)
Controlled Class of Service, Enhanced	X11 features and services	ECCS (173)
Coordinated Call Back Queuing	Electronic Switched Network description	BARS (57) NARS (58)
Coordinated Call Back Queuing Against Main	Electronic Switched Network description	BARS (57) NARS (58)
Coordinated Dialing Plan	Coordinated Dialing Plan description	CDP (59)
Coordinated Dialing Plan with CDR Enhancement	Call Detail Recording Description and Formats	CDR (4)
Count Detection (See Flexible Dial Tone Detection)	X11 features and services (Flexible Dial Tone Detection)	DTD (138)
Customer Controlled Routing (CCR) (Advanced)	Automatic Call Distribution Feature description	ECT (215)
Data Packet Network Access	ISDN PRI Description and Administration	Not applicable
Data Port Hunting	X11 features and services (Hunting)	BASIC (0)
Deluxe Call Hold	X11 features and services (Call Hold, Deluxe)	DHLD (71)

Departmental Listed Directory Number	X11 features and services	DLDN (76)
Dial Intercom • Distinctive Ringing for Dial Intercom • Dial Intercom Handsfree Voice Call • Distinctive Ringing for Dial Intercom	X11 features and services	DI (21)
Dial Pulse/Dual-tone Multifrequency Conversion	X11 features and services	BASIC (0)
Dialed Number Identification Service • Dialed Number Identification Service on CDR • Dialed Number Identification Service across Call Modifications • Name Display for Dialed Number Identification Service • Routing by Dialed Number Identification Service number	X11 features and services; Call Detail Recording Description and Formats	DNIS (98) CHG (23) CDR (4)
Dialed Number Identification Service (DNIS) (Advanced)	Automatic Call Distribution Feature description	ACDA (45)
Dialed Number Identification Service (DNIS) Across Call Modifications (Advanced)	Automatic Call Distribution Feature description	ACDA (45)
Dialed Number Identification Service (DNIS) on CDR (Advanced)	Automatic Call Distribution Feature description	ACDA (45)
Dialed Number Identification Service across Call Modifications	Automatic Call Distribution Feature description	DNIS (98)
Dialed Number Identification Service on CDR	Automatic Call Distribution Feature description	DNIS (98)
Dialing Transparency	Basic and Network Alternate Route Selection description	BARS (57) NARS (58)
Digit Display • Attendant Console Digit Display • SL-1 Telephone Digit Display	X11 features and services	DDSP (19)

Digit Manipulation	Basic and Network Alternate Route Selection description	BARS (57) NARS (58)
Digit Sequence (See Flexible Dial Tone Detection)	X11 features and services (Flexible Dial Tone Detection)	DTD (138)
Digit Translation/Restriction/ Recognition	Basic and Network Alternate Route Selection description	BARS (57) NARS (58)
Digital Trunk Interface	ISDN PRI Description and Administration	DTI2 (129)
Digital Trunk Interface and Primary Rate Interface Time Slot Reuse	X11 features and services	DTI2 (129)
Direct Call Termination	X11 features and services (Incoming Direct Inward Dialing Digit Conversion)	IDC (113)
Direct Inward System Access (DISA)	X11 features and services	DISA (22)
Direct Private Network Access	X11 features and services	DPNA (250)
Directed Call Pickup (See Call Pickup, Directed)	X11 features and services (Call Pickup, Directed)	DCP (115)
Directory Number • Flexible Attendant Directory Number • Listed Directory Number • Listed Directory Numbers, Network Wide • Multiple Appearance Directory Number • Prime Directory Number • Single Appearance Directory Number	X11 features and services	BASIC (0)
Directory Number Delayed Ringing	X11 features and services	BASIC (0)
Directory Number Expansion	X11 features and services	DNXP (150)
Directory Number Key (Basic)	Automatic Call Distribution Feature description	BACD (40)
Display Agents Key (Basic)	Automatic Call Distribution Feature description	BACD (40)

Display of Calling Party Denied	X11 features and services	CPND (95)
Display Waiting Calls (DWC) Key (Basic)	Automatic Call Distribution Feature description	BACD (40)
Display Waiting Calls (DWC) Key (Advanced)	Automatic Call Distribution Feature description	ACDA (45)
Distinctive Ringing by DN	X11 features and services	BASIC (24)
Distinctive Ringing for Dial Intercom	X11 features and services (Dial Intercom)	DI (21)
Distinctive/New Distinctive Ringing	X11 features and services	DRNG (74)
Do Not Disturb • Group Do Not Disturb • Individual Do Not Disturb	X11 features and services	DNDG (16) DNDI (9)
Dual Signalling on Analog Trunks	X11 features and services	BASIC (24)
Dual Value Added Server Identification	Automatic Call Distribution Feature description	
Electronic Brandlining	X11 features and services	
Electronic Lock	X11 features and services (Flexible Feature Codes)	FFC (139)
Electronic Lock Network Wide/Electronic Lock on Private Lines	ISDN PRI Description and Administration	FFC (139) ISDN (145)

Electronic Switched Network • BARS/NARS 11-Digit Translation • BARS/NARS Incoming Trunk Group Exclusion • BARS/NARS Off-Net Number Recognition • Basic Alternate Route Selection • Basic Authorization Code • Call Back Queuing • Call Back Queuing to Conventional Mains • Coordinated Call Back Queuing • Coordinated Call Back Queuing Against Main • Flexible ESN "0" Routing • NARS Multiple DID Office Code Screening • Network Alternate Route Selection • Network Authorization Code • Network Class of Service • Network Call Transfer • Network Signaling • Network Speed Call • Network Traffic • Off-Hook Queuing	Electronic Switched Network description	BARS (57) NARS (58)
Electronic Switched Network Interworking on ISDN	ISDN PRI Description and Administration	Not applicable
Emergency Key (Advanced)	Automatic Call Distribution Feature description	ACDA (45)
Emergency Services Access	ESA NTP 553-3001-313	
End-to-End Signaling • Attendant End-to-End Signaling	X11 features and services; Call Detail Recording Description and Formats	EES (10)
End-to-End Signaling Display Enhancement	X11 features and services	EES (10)
Enhanced ACD Routing (Advanced)	Automatic Call Distribution Feature description; ACD management commands and reports	ACDA (45)

Enhanced Flexible Feature Codes	X11 features and services (Flexible Feature Codes, Enhanced)	FFC (139)
Enhanced Hot Line	X11 features and services (Hot Line)	HOT (70)
Enhanced Interflow	Automatic Call Distribution Feature description	BACD (40)
Enhanced Music	X11 features and services (Music, Enhanced)	EMUS (119)
Enhanced Overflow (Advanced)	Automatic Call Distribution Feature description	EOVF (178)
Enhanced Override	X11 features and services (Override, Enhanced)	BASIC (0)
Equal Access Compliance • Equal Access Dialing Plans • Carrier Access Codes	X11 features and services	BASIC (0)
ESN Compatibility on ISDN PRI	ISDN PRI Description and Administration (Electronic Switched Network Interworking on ISDN)	Not applicable
ETSI Call Forward Unconditional	ISDN BRI Product Description (ISDN BRI ETSI Call Forward Unconditional)	BRI (216) BRIL (235)
ETSI Conference	ISDN BRI Product Description (ISDN BRI ETSI Conference)	BRI (216) BRIL (235)
Expensive Route Warning Tone	Basic and Network Alternate Route Selection description	BARS (57) NARS (58)
Facility Restriction Level	Basic and Network Alternate Route Selection description	BARS (57) NARS (58)
Fast Tone Digit Switch	X11 features and services	FTDS (87)
Feature Group D	Feature Group D Description and Operation; Call Detail Recording Description and Formats	FGD (158)
Feature Group D Automatic Number Identification	Call Detail Recording Description and Formats	FGD (158)

Federal Communications Commission Compliance for Equal Access	X11 features and services	BASIC (0)
Federal Communications Commission Compliance for DID Answer Supervision	X11 features and services	FCC68 (223)
Flexible Attendant Directory Number	X11 features and services (Directory Number)	BASIC (0)
Flexible Call Forward No Answer	X11 features and services (Call Forward No Answer/Flexible Call Forward No Answer)	BASIC (0)
Flexible CDR Digit Suppression	Call Detail Recording Description and Formats	CDR (4)
Flexible Direct Inward Dialing	X11 features and services	FDID (362)
Flexible ESN "0" Routing	Electronic Switched Network description	BARS (57) NARS (58)
Flexible Feature Codes	X11 features and services	FFC (139)
Flexible Feature Codes, Enhanced	X11 features and services	FFC (139)
Flexible Hot Line	X11 features and services (Hot Line)	HOT (70)
Flexible Incoming Tones	X11 features and services (Tones, Flexible Incoming)	BASIC (0)
Flexible Line Lockout Timers	X11 features and services (Line Lockout)	BASIC (0)
Flexible Line Lockout	X11 features and services (Line Lockout)	BASIC (0)
Flexible Numbering Plan	Flexible Numbering Plan description, operation, and administration	FNP (160)
Flexible Numbering Plan Enhancement	Flexible Numbering Plan description, operation, and administration	FNP (160)
Flexible Orbiting Prevention Timer	X11 features and services	BASIC (0)
Flexible Tone and Digit Switch Control	X11 features and services	FTC (125)

Flexible Tones and Cadences (See Tones and Cadences)	Software feature guide (Tones and Cadences)	FTC (125)
Flexible Voice/Data	X11 features and services	DSET (88)
Forced Camp-On	X11 features and services	POVR (186)
Forced Charge Account	X11 features and services (Charge Account, Forced)	FCA (52)
Forced Register Recall	X11 features and services (Multi-Party Operations)	MPO (141)
Free Calling Area Screening	Basic and Network Alternate Route Selection description	BARS (57) NARS (58)
Full Digit Conversion	X11 features and services (Incoming Direct Inward Dialing Digit Conversion)	IDC (113)
Group Call	X11 features and services	GRP (48)
Group Do Not Disturb	Software feature guide (Do Not Disturb)	DNDG (16) DNDI (9)
Global CDR Record Format	Call Detail Recording Description and Formats	CDR (4)
Global Incremental Software Management	X11 features and services	BASIC (24)
Guest Entry of Wake Up Calls	Background Terminal Facility description (Automatic Wake Up)	AWU (102) MLWU (206)
Handset Volume Reset	X11 features and services	BASIC (0)
Handsfree Transmission Parameter Download	X11 features and services	BASIC (0)
Handsfree Voice Call	X11 features and services (Voice Call)	BASIC (0)
History File	X11 features and services	HIST (55)
Hold in Queue for Interactive Voice Response (Advanced)	Automatic Call Distribution Feature description	ACDA (45)

Hot Line • Flexible Hot Line • Enhanced Hot Line	X11 features and services	HOT (70)
Hot Type D and Hot Type I Enhancements	ISDN PRI Description and Administration (Network Intercom)	HOT (70)
Hunting • Circular Hunting • Linear Hunting • Secretarial Hunting • Short Hunting • Data Port Hunting • Trunk Hunting	X11 features and services	BASIC (0)
Ignore Switchhook Flash (See Multi-Party Operations)	X11 features and services (Multi-Party Operations)	MPO (141)
In-Band ANI	ANI description (Automatic Number Identification)	ANI (12)
In-Band Automatic Number Identification	X11 features and services (Automatic Number Identification)	ANI (12)
In-Band Automatic Number Identification (IANI) Basic)	Automatic Call Distribution Feature description	BACD (40)
In-Calls Key (Basic)	Automatic Call Distribution Feature description	BACD (40)
Incoming Direct Inward Dialing Digit Conversion • Full Digit Conversion • Partial Digit Conversion • No Digit Conversion • Direct Call Termination • Incoming Call Redirection	X11 features and services	IDC (113)
Incoming Trunk Group Exclusion	Basic and Network Alternate Route Selection description	BARS 57 NARS 58
Incoming Trunk Programmable Calling Line Identification	ISDN PRI Description and Administration	BASIC (0)

Incoming Trunk Restrictions (Basic)	Automatic Call Distribution Feature description	BACD (40)
Incremental Software Management	X11 features and services	BASIC (0)
Individual Do Not Disturb (See Do Not Disturb)	X11 features and services (Do Not Disturb)	DNDG (16) DNDI (9)
Instant ISM	X11 features and services	BASIC (24)
Integrated Messaging System Link	X11 features and services	IMS (35)
Integrated Services Access (ISA)	ISDN PRI Description and Administration	IPRA (202)
Integrated Services Digital Network (ISDN)	ISDN PRI Description and Administration	ISDN (145)
Integrated Services Digital Network Basic Rate Access	ISDN BRI Product Description	BRI (216)
Integrated Voice and Data	X11 features and services	BASIC (0)
Intercept Treatment	X11 features and services	INTR (11)
Interchangeable Numbering Plan Area	X11 features and services (North American Numbering Plan)	BASIC (0)
Interflow Key (Advanced)	Automatic Call Distribution Feature description	ACDA (45)
Internal Call Detail Recording	Call Detail Recording Description and Formats	ICDR (108)
Internal Call Waiting	X11 features and services (Call Waiting/Internal Call Waiting)	BASIC (0)
ISDN Basic Rate Interface	ISDN BRI Product Description	BRI (216)
ISDN BRI Calling Line Identification Presentation and Restriction	ISDN BRI Product Description	BRI (216)
ISDN BRI Circuit-Switched Data Calls	ISDN BRI Product Description	BRI (216)
ISDN BRI Clocking	ISDN BRI Product Description	BRI (216)
ISDN BRI ETSI Call Forward Unconditional	ISDN BRI Product Description	BRI (216) BRIL (235)

ISDN BRI ETSI Conference	ISDN BRI Product Description	BRI (216) BRIL (235)
