Notice

While reasonable efforts were made to ensure that the information in this document was complete and accurate at the time of printing, AT&T can assume no responsibility for any errors. Changes and corrections to the information contained in this document may be incorporated into future reissues.

Your Responsibility for Your System's Security

You are responsible for the security of your system. AT&T does not warrant that this product is immune from or will prevent unauthorized use of common-carrier telecommunication services or facilities accessed through or connected to it. AT&T will not be responsible for any charges that result from such unauthorized use. Product administration to prevent unauthorized use is your responsibility and your system administrator should read all documents provided with this product to fully understand the features available that may reduce your risk of incurring charges.

Federal Communications Commission Statement

Part 15: Class A Statement. This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio-frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference, in which case the user will be required to correct the interference at his or her own expense.

Part 68: Network Registration Number. This equipment is registered with the FCC in accordance with Part 68 of the FCC Rules. It is identified by FCC registration number AS593M-13283-MF-E.

Part 68: Answer-Supervision Signaling. Allowing this equipment to be operated in a manner that does not provide proper answer-supervision signaling is in violation of Part 68 rules. This equipment returns answer-supervision signals to the public switched network when:

- Answered by the called station
- Answered by the attendant
- Routed to a recorded announcement that can be administered by the CPE user

This equipment returns answer-supervision signals on all DID calls forwarded back to the public switched telephone network. Permissible exceptions are:

- A call is unanswered
- A busy tone is received
- A reorder tone is received

Blank Forms Package

This package contains a complete set of blank system forms for you to use when making assignments for your system. Reproduce these forms and complete all fields as required based on information obtained from the Communications Survey in Chapter 1 of *DEFINITY Communications System Genetic 3 V2 Implementation, 555-230-653*. Use the completed paper forms during system implementation and then retain these forms as a set of hard copy records of your system.

⇒ **NOTE:**

While using these blank forms, it is important to remember that these are representations of what you will actually see on the administration terminal display screen. The blank forms in this package will show all possible fields that could be displayed by your system. A particular field may not be displayed by your system depending on entries made in other fields, as well as optional features purchased with your system.

Digit Absorption

DIGIT ABSORPTION

List Number: _

ABSORPTION TREATMENT INFORMATION (All selections must be from same group)

| | Choice | Meaning |
|-----------|--------|---|
| Group I. | A | Digit not absorbed. |
| | B | Digit absorbed repeatedly. |
| | C | Digit absorbed once with no further absorption. |
| Group II. | A | Digit not absorbed. |
| | D | Digit absorbed only if it is the first digit. |
| | E | Digit absorbed only if it is the second digit and the first digit was already absorbed. |
| | F | Digit absorbed only if it is the first or second digit. |

ABSORPTION TREATMENT ASSIGNMENT (Select treatment (A-F) for each digit below)

Processor Interface Data Module

| | | | |
|---|------------|-------------|---------------------|
| DATA MODULE | | | |
| Data Extension: _____ | BCC: _____ | Type: _____ | Physical Channel: _ |
| Name: _____ | COS: _ | | COR: _ |
| Maintenance Extension: _____ | | | |
| ABBREVIATED DIALING | | | |
| List1: _____ | | | |
| SPECIAL DIALING OPTION: _____ | | | |
| HOT LINE DESTINATION | | | |
| Abbreviated Dialing Dial Code (From above list): _ | | | |
| ASSIGNED MEMBER (Station with a data extension button for this data module) | | | |
| Ext | Name | | |
| 1: _____ | _____ | | |

Recorded Announcement Data Module

DATA MODULE

Data Extension: _____ Type: _____ Board: _____
Name: _____ COS: _ COR: _

ASSIGNED MEMBER (Station with a data extension button for this data module)
