

**NUMERICAL INDEX — DIVISION 590
DATA SYSTEMS — GENERAL INFORMATION**

1. GENERAL

	Section Number	Issue	Subject
1.01 This section provides an index of System-issued sections in Division 590.	590-001-103	1	Data Set 103E-Type — Reference Guide
1.02 This section reverted to Issue 1 in April 1978. Prior to that date there had been 99 issues in the section.	Add 590-001-104	1	
	590-001-104	2	Data Set 103F-Type — Reference Guide
1.03 A bullet (●) indicates an item that has been added or changed since the previous issue of the index.	590-001-105	1	Data Set 103G-Type — Reference Guide
	590-001-106	1	Data Set 103H1 — Reference Guide
1.04 A square (□) indicates a canceled item. Information relating to the cancellation, if necessary, will be shown in a note following the item. Canceled items and related notes will be deleted upon reissue of the index.	590-001-107	1	Data Set 108-Type — Used With Voice Grade Circuits — Reference Guide
	590-001-108	2	Data Set 113A-Type — Reference Guide
1.05 A heart (♥) indicates a new or reissued item which, because of its limited need, will not be distributed on standing order except through coded distribution. Additional copies may be obtained by placing regular (one-time) orders.	590-001-109	1	113-Type Data Station
	590-002-100	2	Data Services — 2000 and 2400 BPS Provided by Data Set 201-Type — Reference Guide
1.06 "Add" is the abbreviation for Addendum.	590-002-101	1	Data Service up to 1200 BPS on the Switched Network — Provided by Data Set 202S-Type — Reference Guide

2. LAYERS

2.01 This division is arranged in layers as follows: (see subdivisions).
