NOTE 1

An automatic test line is available in conjunction with the Atlanta Data Test Center for testing inverted frequency 101 type data sets, 5 level 100 speed operation.

Telephone numbers assigned to the automatic test line are:

- 404-521-3160, 1, 2 & 3 Standard ATL
- 3164 Steady Straight FOX
- 3165 20% distortion
- 3166 20% distortion with a 20 db pad

Out of limits will be indicated if read at more than 20% distortion by the ATL.

If unable to complete tests with the above numbers, call DTC on 404-524-4562.
